

The background of the slide features a blurred image of three business professionals in a meeting. Two men and one woman, all dressed in dark blue suits, are looking down at documents or laptops on a table. The lighting is bright and professional, creating a clean, corporate atmosphere.

Priorities

Our development direction for all MS Dynamic NAV/365 BC localizations are defined through wide and thorough consultations with our clients and partners, our constant research and permanent following of law and regulatory changes with the purpose of assuring continued compliance with them.

Our daily efforts go towards:

- ✚ Covering and incorporating all law and regulation changes,
- ✚ Providing simple implementations to our clients, with lower costs and efficient usage of solutions,
- ✚ Maximum standardization of all local specific needs, with absolute regards to rules and logic built in Microsoft Dynamics NAV/ 365 BC solutions
- ✚ Constant striving towards knowledge with the goal of finding better and simpler ways of process automatization, with desire to find ideal balance between simplification and high-quality processes handling

Coming soon...

FEATURE	DESCRIPTION
Travel orders	<ul style="list-style-type: none">Developed as a separate App for easier way to keep records on employees travel orders.

About us

NPS is member of New Frontier group (www.newfrontier.eu) that gathers large number of IT companies operating in almost all continents. Through intensive cooperation with members of the group, and especially in synergy with SAGA and XAPT, we are able to expand the range of products and services we offer to almost all products and services from the ICT segment ("one-stop-shop").

We have been collecting the knowledge and experience, adopting, and selflessly sharing since our founding (1996 in Ljubljana / 2003 in Belgrade) which has made us not just a Microsoft Gold Certified Partner but one of the leading Microsoft Dynamics partners in the country and the region for years.
