

TECH FOR SOCIAL IMPACT

Microsoft Cloud for Nonprofit, Advanced Training Benefit

Training is a critical key to unlocking the impact of any technology. As part of the Microsoft Cloud for Nonprofit launch in November 2021, we designed advanced training with your success in mind. While the Advanced Training Benefit was created for the Standard Plan for Microsoft Cloud for Nonprofit, we are **now offering this benefit to all eligible nonprofits for a limited time.**

The Advanced Training Benefit provides access for users, both IT pros and business users, to in-depth videos, live Q&A sessions where industry and product experts can answer your questions, and more. We have several learning episodes live now and continue to add more content to help accelerate technology adoption.

Learn more about what is possible with **Microsoft Cloud for Nonprofit.**

“Anything is possible for a company when its culture is about listening, learning, and harnessing individual passion and talents to the company’s mission.”

Satya Nadella, CEO, Microsoft

Industry Training for Microsoft Cloud for Nonprofit

All Microsoft Cloud for Nonprofit Customers

Free Training
