

Vena Power BI Connector

Reveal your story behind the numbers

Enable faster insights and more informed decisions with the Vena Power BI data connector.

Create dashboards and visualizations in minutes with the Power BI Connector, Vena's native integration with Microsoft's market-leading BI tool. Easily integrate Vena data into Power BI to power your data strategy with at-a-glance, pixel perfect dashboards and visualizations.

- Easily tell your Vena financial reporting, budgeting and forecasting story using engaging interactive visuals.
- Turn operational data into insights across your organization at scale.
- Collaborate on—and further share—insights that were garnered from Vena ad hoc analysis and reports.

TAILORED BUSINESS STORYTELLING

For CFOs

Get at-a-glance visuals of key company metrics at any time, including on your mobile devices

For Business Managers

Improve business decisions by enabling access to self-service enterprise data analytics

For Analysts

Turn data into insights across your organization

“The Power BI Connector lets us visualize and distribute our reports to anyone. Our customers can even go into Power BI and do their own analysis from our workspace.”

Paolo Mari

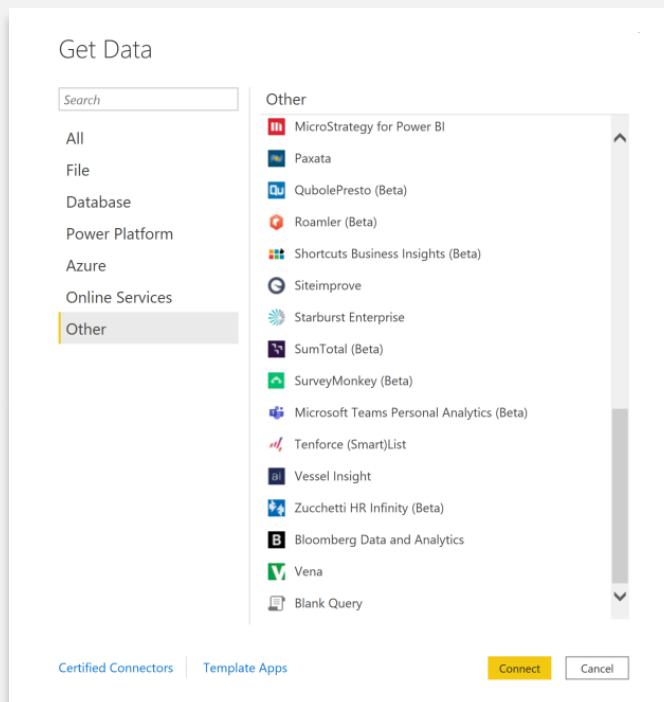

VP of Business Analytics and Commercial Management
Metro Supply Chain Group

- Scale across other operational groups and see the value of Vena insights and data
- Diversify reporting mediums for different stakeholders
- Generate best-practice visual data analytics in minutes

Excel Together

At the heart of Vena is the belief that every customer's journey is unique. You will always be heard, understood, valued and celebrated along your growth journey. Your journey with Vena is about a purpose, not a purchase. We are your biggest advocates dedicated to inspiring your growth and helping you succeed. Together, with relentless creativity, we will build a multi-dimensional partnership that will be here, at every step, to help you excel along your unique journey to growth.

PERSONAL

Every customer comes with their own story, goals and challenges. At Vena, we know that growth isn't a one-size-fits-all. Our customer relationships should be as personalized as our platform, with authentic engagement and encouragement at every turn.

MULTIDIMENSIONAL

At Vena, we collaborate and connect with our customers in the same way that our platform connects people, process and technology. Our customer experience is never one-sided. We strive to learn as much from our customers as they learn from us, and we apply those lessons to create solutions that work for them.

CREATIVE

Vena is pioneering new ways for our customers to think about growth. We're also paving the way for our own. We're on our own growth journey, constantly thinking of ways to improve and inspire. The journey to growth doesn't have an end. Neither does our commitment to always do better than the day before.

Vena is a complete planning platform that empowers and inspires finance, operations, and business leaders to plan to grow their businesses in a new way.

Vena leverages the familiarity and flexibility of an Excel interface and combines it with the Vena Growth Engine, the technology and methodology that powers your plans and guides your journey to growth.
