See what customers are saying:

"Making software work the way teachers need it to work makes it something they're not just willing to use, but they're excited to use. I've had fabulous feedback from our staff on the ground. That's huge!"

– Patti Jones, Director of Learning, Grasslands Public Schools

Endlessly Customizable

Every form is customizable through a simple drag and drop interface. In seconds you can add new elements like checkboxes, radio buttons, text fields, and file uploads. This turns every staff member into a digital information artist, capable of designing the perfect organizational structure for storing all critical information.

Pure Digital Data

Whether it's integration with your SIS, the need to gather digital signatures, or the collection of key classroom insights, Education Forms is uniquely suited to meet your needs. All data is intuitively tagged and sorted in a way that finally makes what you gather on students useful and applicable throughout the school year.

About Imagine Everything Inc.

Imagine Everything is an education technology company that works directly with school boards to design and build software at cost. We've taken the longevity and temperance of public education and mixed it with the speed and efficiency of the private sector to create a revolutionary new hybrid.

Why Microsoft Azure?

Be future-ready

Continuous innovation from Microsoft supports your development today, and your product visions for tomorrow. With 1,000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data-science tools.

Operate hybrid seamlessly

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single-identity platform trusted by 90% of enterprises globally.

Build on your terms

You have choices. With a commitment to open source and support for all languages and frameworks, build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

Trust your cloud

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With a \$1B+ investment in security R&D and 3,500 cybersecurity experts, security is foundational for Azure.

Microsoft Azure is an ever-expanding set of cloud computing services to help your organization meet its business challenges. With Azure, your business or organization has the freedom to build, manage, and deploy applications on a massive, global network using your preferred tools and frameworks.
