## Testimonials

It is not just about our platform; It is about our people. See what our customers say about us,

66

Managing over 40 applications and over 125 Storage Accounts in Azure was daunting and time-consuming until I found Cerebrata's app. It's like power toys for serious Azure Developers and is at the top of my Must-Have tools list

– **Darin MacRae**, Chief Architect of Cloud

66

Essential tool to give mind safe management experience for Azure. If you are using Azure CosmosDB or Search, this is the only tool to allow you to manage them like a boss.

– **Youngjae Kim**, Microsoft Azure MVP.Computing
