

Azure Migration Planning Workshop

Cloud Readiness Workshop

There is no better time to migrate your dated applications and infrastructure to Microsoft Azure than NOW. Our 1-day Azure Migration Readiness Workshop will help you get started in no time.

Engagement Information

Investment

This engagement is fully funded by Professional Advantage and is delivered at no cost to select organisations

Pre-requisite

The Solution Architecture team requires you to fill this [online assessment form](#) to ensure that the time allocated towards this engagement is utilised to its full potential. It will also ensure that the content targeted during the workshop is specific to your business needs and organisational goals.

Workshop Information

Length of delivery:

1-day

Schedule:

To be confirmed based on the common available schedule of Professional Advantage and the organisation.

Venue:

The workshop will be delivered virtually through Microsoft Teams.

Recommended Audience:

IT executive or any key stakeholder of your IT environment.

Workshop Agenda

- Overview of Microsoft Azure, including services and tools available.
- Closer review of client's existing environment.
- Review different migration approaches based on information captured.
- Submission of a high-level solution design, migration plan, and subscription costing.
- Discussion of next steps.

Key Deliverables from the Workshop

At the end of the workshop, you will receive the following documents and output:

- High level Azure solution design.
- Azure subscription costing.
- Migration plan and costing.
- Potential ROI based on the information captured.
