## TABLEAU MIGRATION TRAINING: ONE-DAY WORKSHOP

This workshop is a one-day introduction to Power BI for data analysts, developers, and engineers currently using Tableau. Through presentations and labs, attendees will learn how to achieve the same functionality in Power BI that they have in Tableau.

## PREREQUISITES

One year of Tableau experience.

## WHAT YOU WILL REVIEW

- What is Power BI?
- Data connectivity and transformation in Power BI
- How to perform calculations in Power BI
- Organizing and simplifying data
- Visualization
- Analytics
- Performance optimization

## DELIVERABLES

Upon completion of the training, Impact will provide a certification to all attendees, along with files, reports, and dashboards generated throughout the sessions.
