# Creating Short & Vanity URLs in SharePoint
with Short URL

SharePoint generates internal hyperlinks that are long, difficult to remember and very obscure to the reader. Short URL for SharePoint allows the much needed creation & management of far simpler links.

- Custom Domains Supported
- Easy access from Site Action menu
- Date expiry for links
- Click Counter and Tracking List
- Permanent or Temporary Redirect
- Unlimited number of Links
- Create links for any Page, Doc, List Item, Library, External links & more
Add professional looking links to comms

Increases readability of documents

Use the link to always have latest content

Even at a quick glance, its easy to see why Short URL for SharePoint has become our most popular application. The example above shows quite clearly the difference it can make in any SharePoint environment.

The links are much easier to remember, readable, easy to convey and have tracking and updatability that simply doesn't exist in SharePoint.

CIRRUS SOFT have decades of combined experience with SharePoint consultancy & application development. We're here to help you, help your clients by creating best of breed, companion applications.
