

Introducing SurePact

About Us

SurePact is an innovative cloud-based enterprise SaaS solution that allows project and contract managers to identify, mitigate and manage risks of deliveries from before early innovation, to the tender stage right through to closeout.

Why SurePact ?

Save on
Procurement

Improve Contract
Delivery Time

Reducing Tendering
Time Frames

Reduce Variations

“
SurePact's contract risk software is achieving great things, one in particular are the immediate identified savings we are making by helping manage and deliver our projects and contracts smarter and with full visibility and transparency. Thank you SurePact!

- Sarah Wigglesworth, Director of Works & Facilities Palm Island Aboriginal Shire Council

SurePact's system enables 100% WH&S compliance documentation outputs supporting the life cycle of the projects and contracts Councils are delivering.

- John Juniper, WH&S, Burke Shire Council
