

PowerSearch

finding records in Microsoft Dynamics 365 has never been easier

Search capabilities

- **Simple UI** for complex reusable queries
- **All search operators supported** (as in Advanced Find)
- Support of **AND/OR keywords**
- **User defined default search values**

Configuration

- Fully **customizable search & result fields**
- **Customizable previews and actions**
- **Convert Advanced Find**

Working with results

- **Result preview:** View result details without opening them
- **Customizable grid** with access to results and related records
- **Open results in Dynamics 365 grid** to support **common tasks** (bulk edit, export to Excel, ...)
- **Execute workflows/actions** against results (single & bulk)

Define an unlimited number of fields that allow a search in all Dynamics 365 entities.

Get a quick overview of results within our fully customizable preview pane.
