

# Silver Leaf

CANNABIS BUSINESS CENTRAL

## Features and Functions

# The wrong software holds back amazing businesses

In the cannabis industry, simplified solutions like seed-to-sale give you one-dimensional insights, then make you do the heavy lifting to get the answers you need.

We think that's a waste.

We built Silver Leaf CBC to integrate all the features you need to move your cannabis business forward.

## Manufacturing and Processing

Know your costs, manage your processes, and optimize your operational resources

MRP PLANNING

BATCH MEASURES

MACHINE SCHEDULING

## Human Resources

Optimize compliance of your team and record necessary data

USER MANAGEMENT BY ROLE

ROBUST SECURITY

## Sales and Delivery

Streamline order placement, scheduling, and invoicing to best serve your customers

CHAIN OF CUSTODY

LICENSE MANAGEMENT

DISPATCH
