Latvian Language for Latvia App

Do your employees call for an efficient IT solution?

Provide a user-friendly business platform in Latvian, thus enhancing employee satisfaction and overall productivity.

Use Latvian Language for Latvia App

Overview

Latvian Language for Latvia is a business software solution developed by ELVA for companies that carry out business transactions in Republic of Latvia.

The App Language is fully integrated with Dynamics 365 Business Central by providing translation of its interface and standard reports into the Latvian Language.

Latvian Language for Latvia cannot be considered as translation tool for:

- user entered information in Latvian Language
- reports provided by other software solutions, that are integrated with Dynamics 365 Business Central

Get Started

Role Center

In order to use Latvian Language for Latvia, no specific role center is required.

Select Language

All users of Business Central have access to language settings. The following steps should be followed, in order to change language per your user in Business Central:

1. In the app bar upper right corner choose the user name, and then choose **My Settings**:

The screenshot shows the Dynamics 365 Business Central interface. The top navigation bar includes the company name 'Cronus SIA' and various functional areas like Finance, Cash Management, Sales, Purchasing, Approvals, Self-Service, and Setup & Extensions. The user menu is open in the top right corner, showing options like Personalize, Design, My Settings (highlighted with a red box), and Sign out. The main content area displays a headline 'Want to learn more about Business Central?' and a summary of activities with three key metrics: SALES THIS MONTH (€975), OVERDUE SALES INVOICE AMOUNT (€39,993), and OVERDUE PURCH. INVOICE AMOUNT (€36,432).

2. In the My Settings page, open the list of available languages:

EDIT - MY SETTINGS
