

BINDTUNING TEAMS COLLABORATION SPACE FOR EDUCATION

Give Microsoft Teams a boost. Redefine Teams collaboration on campus with an intelligent and interactive communication space for students, staff and educators

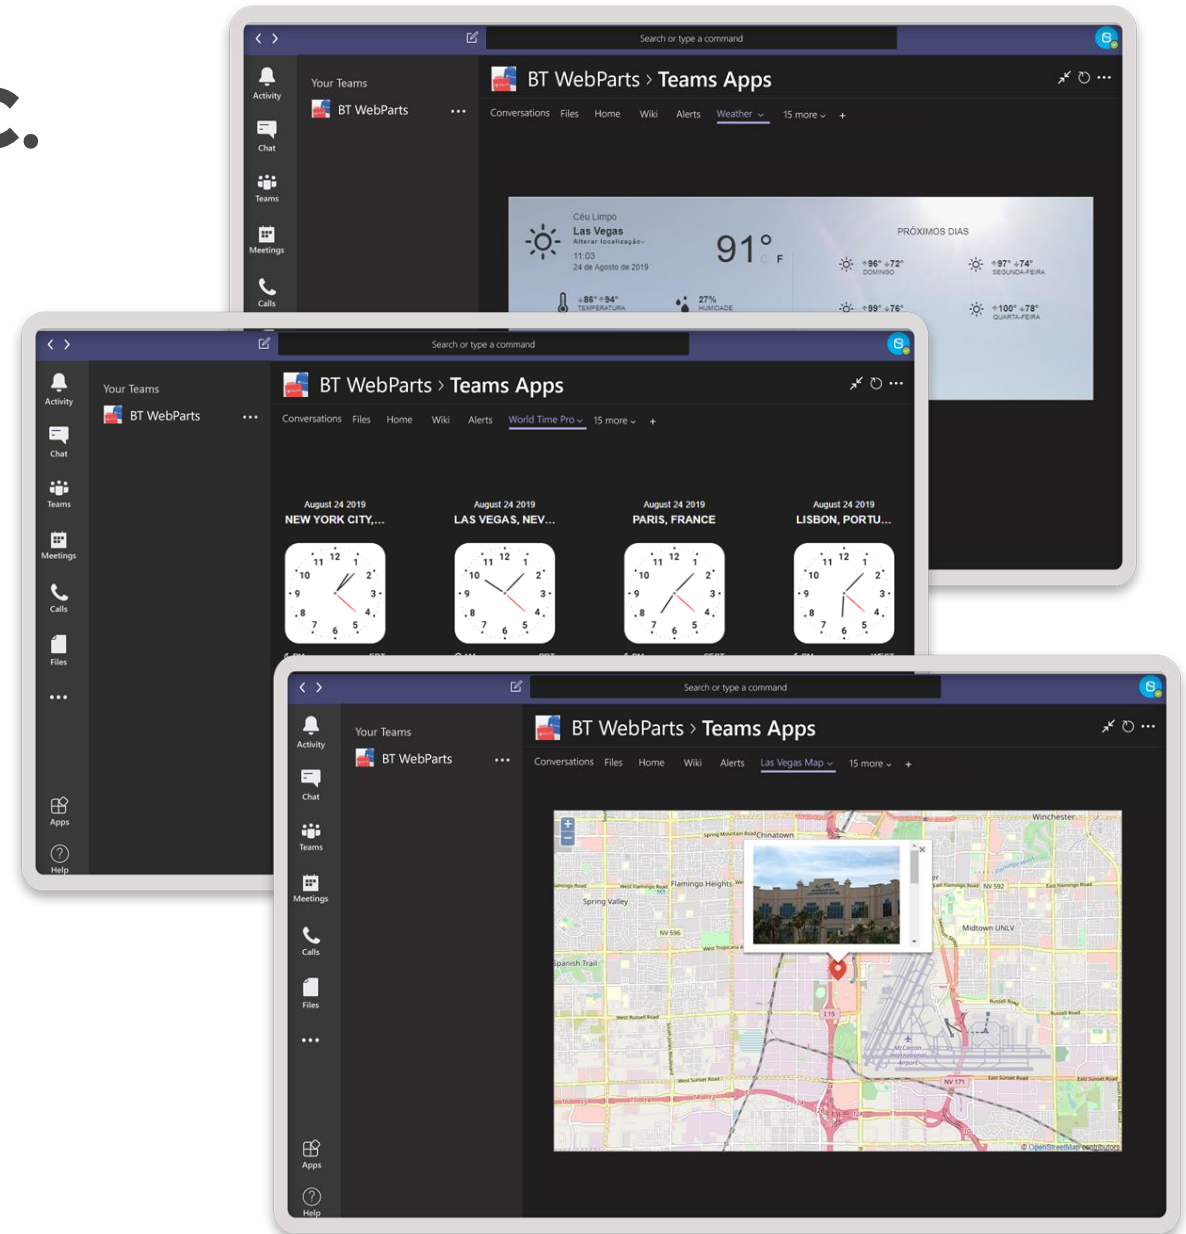

Envision an engaging campus intranet for students, teachers and administration, that evokes the spirit of your institution.

Boost Microsoft Teams adoption and utilize the full potential of this powerful communication tool to encourage teamwork across your institution.

WAY MORE THAN BASIC.

Move beyond out-of-the-box and craft endless configurable user experiences.

The information users need and enjoy, when and where it is relevant.

SHAPING THE INTRANET EXPERIENCE.

Bring a feature-rich experience to Microsoft Teams.

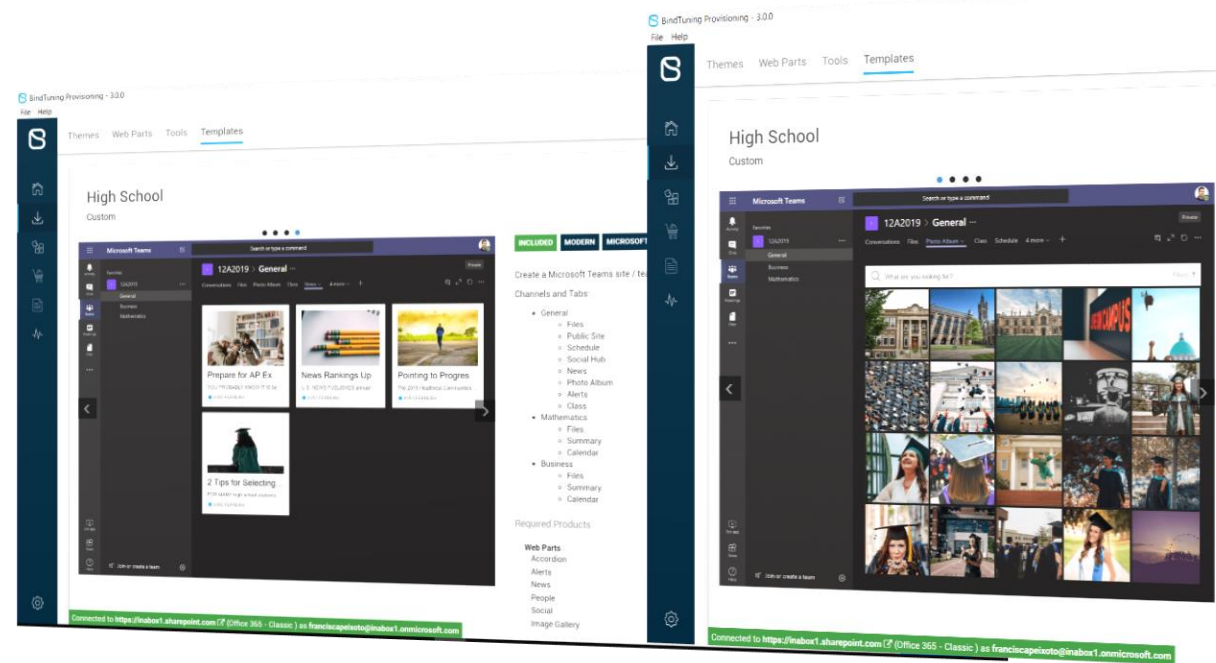

Create a digital space loaded with features that support the needs of users: organized documents, structured video playlists, intuitive links, actionable alerts and FAQs.

EASY TO DEPLOY FOR OPTIMAL GOVERNANCE AND SCALABILITY.

Deploy best practice scenarios and education-specific starter kits for Microsoft Teams.

Pre-built scenarios, including teams, channels, tabs and applications enhance your teams' ability to efficiently collaborate in real-time.

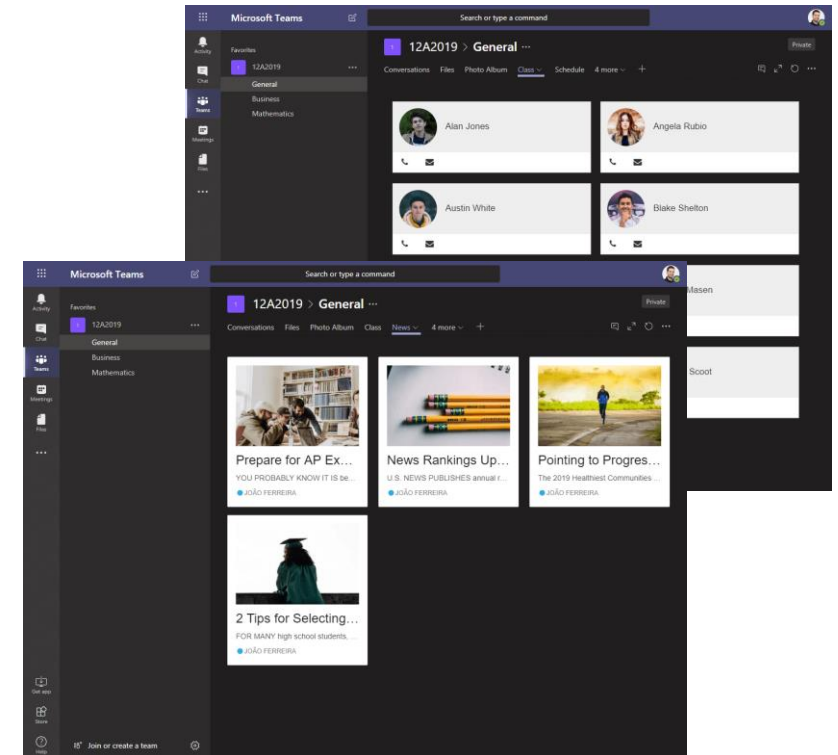

WHY BINDTUNING?

Manage teaching schedules, faculty meetings and departmental activities in one single calendar

Reduce email flow and increase productivity with news organized by department and daily alerts

Easily find frequently used documents and templates

Show staff and students contact details in one single place, with profile photo for easier identification

SharePoint, Office 365 and
Microsoft Teams.
Better Together with BindTuning.
