## CONTINGENCY PLAN

# Facilitate your crisis management

With Stratsys Contingency Plan you can facilitate your crisis management. Create and implement a 'Plan B' to secure critical resources in your organization and keep operations going. We've also included Do-board and Meetings to enable smooth collaboration.

*Stratsys contingency plan enables you to minimize disruptions in your operations when the crisis is a fact and go from being reactive to proactive. Before crisis hits or in a protracted crisis, it is never too late to start planning, even with a short time horizon.*

## Vulnerability assessment

Secure critical resources that the business relies on through a clear action plan based on your vulnerability assessment. Assess and secure business-critical resources based on:

- ✓ Resource depletion
- ✓ Resource loss consequence
- ✓ Coping ability
- ✓ Identifying alternative solutions
- ✓ Creating a clear action plan to secure the resources

## Risk planning based on scenario

Conduct probability and impact assessment based on your identified risk scenarios.

- ✓ Identify risk scenarios
- ✓ Perform probability and impact assessment base on identified risk events
- ✓ Determine how well the business can handle the risk scenario today, tomorrow and in the future
- ✓ Add measures if necessary, resulting in a clear action plan

## Communicate your contingency plan internally and externally

Stratsys Contingency Plan automatically generates a plan for implementing actions based on your input.

- ✓ Action plan based on risk scenario
- ✓ Action plan based on vulnerability analysis
- ✓ Contingency plan to communicate internally and externally

A prepared organization is a functioning organization when crisis hits!
