

CEM Business Solutions

Onboarding Software

<https://www.cembs.com/onboarding/>

Gain control over your Onboarding process and give your new hires an easy transition into their position.

Every Company in every industry needs an onboarding solution to effectively onboard new hires. If you don't have the right software to handle all the paperwork and verification forms, you can have compliance and productivity issues. You need a software that incorporates I-9, W-4, direct deposit forms, training manuals and videos. With CEM Onboarding software, you will be in compliance and your new hires will be effective from day one.

CHALLENGES

HR department faces many challenges like communication with new hires, paperwork, forms, compliance, missing steps in the onboarding process, assets allocation, IT facilities, place of work, access cards, delayed training, introducing the new hires with relevant employees and so on.

IDEAL SOLUTION

The Ideal solution is an intelligent, process driven, well connected (with ATS and HR) system which would take care of compliance, rights and access allocation, communication in advance to peers., etc. The system should give step by step method to the inducting team and a pleasant experience to the new employee.

DESIRED OUTCOMES

CEM onboarding solution will make your HR life easier and your company more productive. Being in compliance and having productive employees from day one, means saving money at all times.

CEM Business Solutions

Onboarding Software

Get control over your Onboarding process and give your new hires and managers an easy first day.

This paperless system helps your business manager and your HR department integrate a new employee or group of employees seamlessly into the organization.

All the applicants' information will be rolled into a new employee record, saving HR from having to fill out numerous fields and pages, and missing any forms.

INCORPORATED EMPLOYEE FORMS

Have an easy first day with incorporated I-9, W-4, and direct deposit forms, training manuals and videos.

CUSTOMIZED WORKFLOWS

Customized workflows to prepare and train employees. Get notifications and updates on the onboarding process for new employees. Easily manage, track and add any tasks or forms to your workflow. Enjoy an easy and quick onboarding process customized to fit your needs.

MICROSOFT D365 AND CEM ONBOARDING

CEM Onboarding software seamlessly integrates with Microsoft D365.

CEM Onboarding on Microsoft platform

CEM Onboarding software can be hosted in Microsoft Azure cloud or in your own on-prem environment. A link can be given between your website career page or any ATS page to the CEM onboarding software. CEM Onboarding can emulate the look and feel of your web site.

This solution can be used as a standalone tool or with integration to any HR module or any ERP platform.

MICROSOFT D365 + CEM ONBOARDING

Customer comments:

REDUCED RECRUITMENT TIME

It took several weeks to get persons hired. We were under pressure to fill the positions. Considering that we need the right candidate for the position, we needed an efficient process. CEM demonstrated their system and won our confidence. CEM was able to successfully deliver the hiring system that fulfilled all our needs.

SAVED MONEY

For any entity, big or small, cost is always a concern. We evaluated top brands i.e., the expensive ones and compared them CEM ATS and Onboarding. We did not see any gap or shortfall in CEM Onboarding compared to the top brands. This resulted in saving good amount of money.

KEEP THINGS INTACT & SUPPORT

Hiring involves stringent regulations like EEO. It is very important to keep our records in place. CEM Onboarding software in association with Microsoft Teams, SharePoint has been keeping our records intact. These rules keep changing. With CEM's on going support, we don't have to worry at all.
