WHY NOW?

COVID - AN EYE OPENER

Many organizations are re-evaluating their readiness, preparations, diagnosing vulnerabilities, communication plans/ systems, leadership, training activities only now.

Urgent Need

POST-PANDEMIC EXIT PLAN

- Data says that COVID is not going away until there is a vaccine and there is no definite timeline.
- Businesses should restart with a plan
- Crisis communication and contact tracing for employers is a must

Businesses should be have plan and visibility if any partner/employee falls ill due to COVID.
