FLEET MANAGEMENT BY KONICA MINOLTA

Does confusing vehicle evidence in Excel spreadsheets slow you down? Do you waste time searching for paperwork, contacts, or records? Are you stressed by constantly watching expiration dates or maintenance intervals?

Fleet Manager is a modern cloud-based tool that simplifies fleet management for companies of any size. Built on innovative Microsoft Power Platform technology, **Fleetman** brings you:

TIME SAVINGS

- Find vehicles, drivers, documents, or service partners easily in one structured system
- Reduce manual entry with automated data input
- Integrate GPS tracking service
- Access anytime and anywhere with Microsoft Office applications

PEACE OF MIND AND EFFICIENCY

- Never forget any task thanks to notifications
- Keep all at hand with mobile app
- Work within familiar Microsoft applications (Excel, Outlook, Teams)
- Synchronize contacts for easy communication with drivers, maintenance, insurers, etc. apod.

CONTROL

- Clear vehicle status, ride logs, mileage, GPS location
- All service, insurance or other contractual actions in one evidence
- Visualize and export operational data like costs or activities in graphic dashboards

MAIN FUNCTIONALITIES

VEHICLE EVIDENCE

All vehicle data, drivers, contracts, and documentation in one place.

NOTIFICATIONS

Reminders of scheduled events (maintenance, contract expiry, technical checks, etc.).

SERVICE AND INSURED EVENTS

Insurance and maintenance agenda, planned actions, current vehicle status.

ACTIVITY MANAGEMENT

Plan and assign activities like phone calls, mails, or tasks within your team for improved efficiency.

MICROSOFT 365 INTEGRATION

Native use of communication with Outlook and Teams, templates in Word or exports to Excel within Fleetman app.

DATA VISUALIZATION

Clear visualization of usage, maintenance and costs, customizable reporting exports.

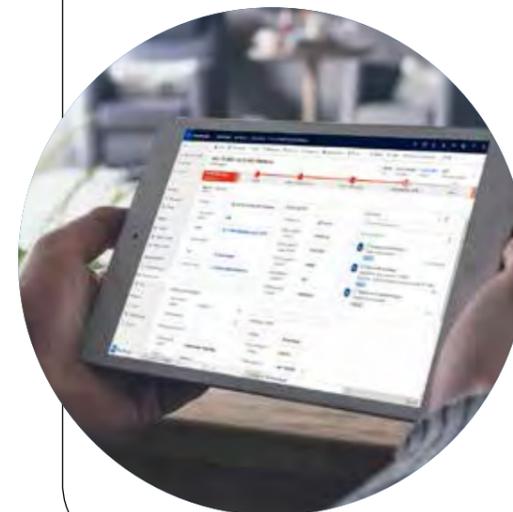

TECHNOLOGY

Fleet Manager is a **cloud-based application**, built on in-depth analysis of fleet managers' needs and typical processes, focusing on user experience, efficiency, and security of your data.

Fleet Manager is built with **Power Platform** tools like Power Apps and Power Automate, which enables the full use of Microsoft 365 applications.

Power Platform data connectors provide easy integration with **hundreds of third-party services** and application.

With Unified Interface technology applied, Fleet Manager features **familiar user interface** "touch and feel" with superior usability of Microsoft Dynamics 365 applications.

PRODUCT DELIVERY

STANDARD IMPLEMENTATION WITHIN A FEW DAYS

- Product configuration (workshop or questionnaire)
- Parametrization, tenant, roles, and permissions setup
- System deployment and maintenance

ADD-ON SERVICES

- Functional add-ons (GPS tracking, mileage, key management, petrol cards)
- Assisted data migration
- Basic and advanced training
- Go-live support – remote or on-site
- Custom functionalities development
