THREAT ANALYSIS TO MODERNIZE YOUR SOC STRATEGY

MITRE ATT&CK® MasterClass

Ascent’s MITRE ATT&CK® MasterClass is focused on educating companies on ransomware threats specifically relevant to their environment. By utilizing the MITRE ATT&CK® framework, Ascent can quickly assess a company’s coverage and gaps against known tactics and techniques. You will also learn how to better leverage Sentinel and Defender for Endpoint to reduce alert fatigue and avoid unnecessary investments in other security products.

MITRE ATT&CK® MasterClass Agenda:

- Overview of known Ransomware threats relevant to your specific environment
- Intro to tactics, techniques, and procedures (TTP’s) of active ransomware criminals
- Visualization of known threats on a MITRE ATT&CK® heatmap
- Prioritization of your current defensive efforts
- Mapping defensive efforts to Azure Sentinel’s capability and Ascent’s Managed SOC methodology

ABOUT ASCENT

Ascent is the cybersecurity partner to SECURE, ADVISE, and MANAGE the enterprise. We are built to help firms evolve their cybersecurity posture, modernize their Microsoft solutions, and secure their journey to the cloud. Ascent provides organizations with the expertise needed to quickly move beyond technical constraints and focus on achieving business results.

MITRE ATT&CK® Framework

MITRE ATT&CK® is a globally-accessible knowledge base of adversary tactics and techniques based on real-world observations. The ATT&CK knowledge base is used as a foundation for the development of specific threat models and methodologies in the private sector, in government, and in the cybersecurity product and service community.

ADVISORY SERVICES

- Security Strategy and GRC
- Technology
- Business Change Enablement
- IT M&A

TECHNOLOGY SERVICES

- Microsoft Security Technology
- Azure Apps, Infrastructure, Data & AI
