

Google Workspace Migration: 1-Hour Assessment

Overview

Assessment of your current G-Suite environment with Migration Experts specialized in Microsoft 365 technologies.

Poor planning and migration strategy can put you out of your depth. By adopting an appropriate migration vendor, you can reduce the risk, time and cost in order to avoid the pitfalls and reap the rewards.

Migration must be initiated by conducting a thorough pre-migration analysis of G-Suite mailboxes, G-Drive content and applications or devices with the experts who are at the top of their profession who would ensure that the solution is comprehensive, scalable and cost effective.

You can schedule assessment with our experts to understand how working with Ironbridge Systems Pvt. Ltd can help you migrate from G Suite to Office 365 smoothly and without disrupting your business operations.

Agenda

Pre-migration analysis of G-Suite mailboxes, G-Drive content and applications or devices.
Identifying potential challenges and bottlenecks with existing solution
Analyzing security requirements

Deliverables

Plan to migrate mails, files, sites, groups, licenses cost, scope of work, support, training and estimated timelines.

Note
