

Goodbye spreadsheets, hello intelligent pricing

The next generation of intelligent pricing is here, giving you the power to unlock game-changing marginal gains across every aspect of your supply chain.

rebate management

Free up your cashflow

Send and receive rebates in lightning speed with pinpoint accuracy, without even lifting a finger.

pricing engine

Generate 5,000 prices per second

Deliver 1,000s of complex, channel-specific calculations at hyper speed.

omnichannel pricing

The right price every time

Infinite possibilities, effortless execution, implementing highly-sophisticated pricing strategies has never been easier.

margin reporting

Gain real-time margin visibility

Monitor your margins at any given moment and enjoy complete end-to-end traceability.

Take your pricing strategy to the next level.
