How to activate the 'SMART on FHIR Based Data and AI Accelerator' offer from the Azure Marketplace

Overview

This user guide outlines the steps required to create, configure, and request the activation of the 'SMART on FHIR Based Data and AI Accelerator' offer from the Azure Marketplace.
1. To create a SaaS offer

1. Navigate to the [Azure Marketplace offer page](#), and click **Get it Now**.

   GET IT NOW

2. Acknowledge the terms and select **Continue** to finish the process in the Azure Portal.
3. To create the subscription, click **Create**. (Note: This will not initiate billing)
2. To Configure your account

1. Give the offer a name in the following format: CompanyName_smartonfhir
2. Complete the form and select **Subscribe**
3. Once the subscription is deployed, click the hyperlink in the prompt.

   Kentoso_smartonfhir   1:46 PM
   Successfully deployed SaaS resource

4. From the SaaS overview page, click **Configure Account** to complete the subscription signup.

   Configure Account

5. Review the form and complete the configuration by clicking **Request Activation**

   Request Activation

   The subscription status should change to 'Provisioning'.

   Subscription Status   Provisioning

   Your request has been sent. A KenSci representative will be in touch shortly.

3. Billing & Next steps

You are not being billed at this time. KenSci will reach out to you regarding next steps and billing will be activated based on a mutually agreed upon timeline.
