Accelerate your journey to hybrid meetings with Microsoft Teams Rooms Launchpad. Experience Microsoft Teams Rooms in your own environment, and see the tangible benefits it brings to all staff.

Engagement highlights

Discover the 'Art of Possible' through interactive workshops showcasing the capabilities of hybrid meetings with Microsoft Teams Rooms.

Experience the power of Teams Hybrid Meetings. Your users will experience Microsoft Teams meetings no matter where they are with the deployment of two Teams Room systems.

Plan the next steps of deployment of Microsoft Teams meetings and meeting rooms across your organisation.

Do your staff have the ability to work from anywhere, at any time while remaining secure? Nearly [60% of people feel less connected](#) to their colleagues since moving to remote work. Does your meeting solution allow everyone to feel like an equal participant, whether they're in the office, at home, or on the go?

Experience the power of hybrid meetings with Microsoft Teams Rooms Launchpad

Remote and hybrid work has made it challenging for all participants to feel equal in meetings, with unbalanced experiences depending on where and how the participant is joining. Microsoft Teams meetings and Microsoft Teams Rooms bridge the physical and digital worlds with enriched audio and video to connect every individual on a level playing field.

Our expert consultants will showcase how Hybrid Meetings on Microsoft Teams can be used to improve your meeting experiences – before, during and after the meeting. Two Microsoft Teams Rooms systems will be deployed into your office location/s so that you can experience how Microsoft Teams Rooms can seamlessly connect and provide a consistent experience for all meeting participants no matter where they are. Finally, we will work with your technical and business stakeholders to build a plan towards deploying Microsoft Teams meetings and meeting rooms across your business.
