

Rapid start to full business integration

Proven methodology. Trusted partnership. Rapid results. Rand Group's Rapid Distribution disrupts the traditional implementation cycle to activate Business Central in less than 60 days using industry led best practices and our years of experience deploying cloud solutions.

Rapid ROI from day one

Rapid Distribution for Business Central will have your organization up and running on Business Central in less than 60 days with the ability to scale and expand as your business needs grow. With a fixed fee implementation package and additional Power Packs to choose from, you know what you are getting without any surprises or project overcharges.

All inclusive.
No surprises.
Fixed fee.

- /// Ready-to-go package
