

Expert Value

We're a small group of seasoned professionals, which means low overhead and a wealth of expertise.

Global & Local

We're a global specialized team with company registered in USA and India.

Diverse Experience

We've worked with large and medium enterprises across industries and verticals.

Empowerment approach

Our approach is based on empowerment to realize the full value of investment on the solution.

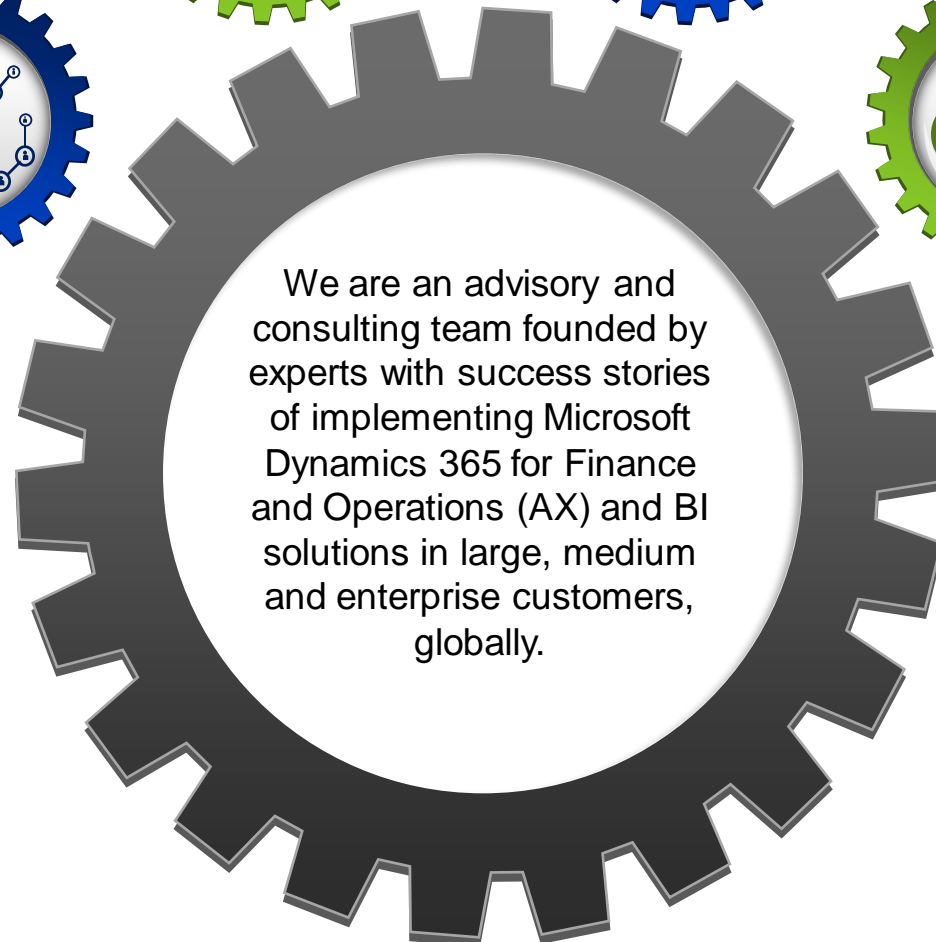

Accreditation

We are Gold Microsoft partner in USA

Business and Technology Bridge

We are specialist in implementing end to end solutions on Microsoft Dynamics 365 for Finance and Operations (AX).

We are an advisory and consulting team founded by experts with success stories of implementing Microsoft Dynamics 365 for Finance and Operations (AX) and BI solutions in large, medium and enterprise customers, globally.

Teamwork-Oriented

We understand that our role is to fill a temporary need – we'll proactively pass along our expertise to your team to insure organizational competency into the future.
