

HTG: HOWELL TECHNOLOGY GROUP

## Azure Virtual Desktop Deployment £3750

HTG's Azure Virtual Desktop (AVD) provisioning service enables rapid deployment of Windows 10 desktops in the Microsoft cloud. Help secure your employee and company data by storing in Azure rather than local desktops.

Set up Azure Virtual Desktop to enable secure remote work. Provide remote access to company desktops and apps with an optimised Microsoft 365 and Microsoft Teams experience for your new and existing dispersed financial employees, contractors, partners, and international workforce.

Provide the familiarity and compatibility of Windows 10 with the new scalable multi-session experience for your end users and save costs by using existing eligible Windows licenses.

### Features include:

- Access Windows 10 secure desktop from anywhere
- Connect custom company domain to Azure
- Link Active Directory identity to Azure
- Create virtual network
- Connect HQ office to Azure via VPN
- Create Windows 10 AVD multisession workspace

#### Terms and Conditions

One uniform set of policies will be created i.e. Policies will target all users. If granular policies of the same parent type are required for multiple groups, this will be treated as out of scope and additional time will be required to facilitate this.
