

Azure Migration Program

Simplify your move to the cloud with best-practices guidance, direct access to Azure engineers, tools and subsidized partner services.

Migrate workloads to Azure with confidence.

Cloud migration assistance that can lower costs and reduce risk

Flexible to meet your unique needs

- Move infrastructure, databases and applications to Azure on your timeline, with customer-prioritized workloads
- Use the eligible partner of your choice, or Microsoft can help you match with a specialized partner
- Leverage Microsoft's Cloud Adoption Framework for Azure for security, governance, data, and networking design

Cost-effective to meet your budget

- Brush up cloud skills with subsidized Azure technical training delivered through Microsoft Learning and accredited partners
- Qualify for Azure credits for running your migration test environment until you turn off old servers
- Receive subsidized partner services for assessment and migration

The confidence of hands-on help

- Get direct assistance from FastTrack for Azure engineers to help plan your migration and design your landing zone
- Engage with Azure Experts MSPs and Advanced Specialization partners with demonstrated competencies proven through high level Microsoft certification
- Your chosen partner can support you on an ongoing basis after your initial project to continue to migrate additional workloads and optimize

Program benefits

 Count on a proven methodology and best practices

 Gain new skills with technical training courses

 Get free cloud migration tools from Azure

 Access in-depth assistance from Azure engineering

 Receive offers for reducing migration costs

 Connect with specialized migration partners

"We are on a multi-year transformation journey, and cloud migration is an important first step. Azure Migration Program offered the right mix of training, best practice guidance, tooling, and specialized partners to best meet our needs. Importantly, Microsoft was prepared to work hand-in-hand with us and showed deep commitment to our success."

Marc Gunter

Vice President of Infrastructure, Planning, and Engineering at CIBC

Explore the Azure Migration Program

Flexible to meet your unique needs. Cost-effective to meet your budget.
