

Drive Employee Engagement with Viva Connections

Microsoft Viva Connections is your gateway to a modern employee experience – get ready to inform, engage and empower your organisation. **A modern SharePoint Online intranet is the key dependency for Viva Connections.** We've designed 'Microsoft Viva Connections Quick start' specifically for organisations who already have a modern SharePoint Online intranet to plan for and implement Viva Connections

How Signal Alliance Consulting can help you in your journey:

Available services depending on your needs and readiness

Evolve and Prepare your Intranet for Viva Connections

- We'll review your current **Modern SharePoint Intranet Portals**, to determine if it meets the requirements for Viva Connections integration.

Configure and deploy Viva connections

- We'll **setup Global navigation** for your SharePoint portal and deploy Viva Connections app in your Microsoft Teams
- We'll also setup and discuss use cases for the **Connections Dashboard**
- **Plan for a pilot** of Viva Connections with a group of business users

Adoption Campaign

- We'll **Deploy and scale Viva Connections** to every employee in your organization, on Microsoft Teams mobile and desktop client.
- Our skilled adoption specialists will work with your team to **Drive adoption** and change management initiative to realize the value of your investment in Viva Connections

Note!
Charges apply for Transforming your Intranet portal from a classic to Modern Portal

Expected Outcomes

- Analysis of your current SharePoint Intranet portal to inform Viva Connections implementation pathway
- The Viva Connections app configured and deployed to your tenant to be experienced in Microsoft Teams
- Adoption campaign and admin training
