# GAIN CONTROL AND INSIGHTS **FROM DAY ONE**

- Connect your entire logistics ecosystem to digitize processes and gain real-time visibility.
- Protect your supply chain by intelligently mitigating risks in real time for truly proactive risk management.
- Optimize your logistics and security processes for improvements and cost savings across your organization.

# A PLATFORM FOR COMPLETE COMMAND & CONTROL

Our platform connects global, multimodal supply chain ecosystems to provide overarching risk management and real-time visibility. By connecting disparate sources of data and digitizing key logistics processes, you gain command and control over security and product integrity. With numerous integrations into your existing systems, a proactive risk management user interface, and critical data insights across your entire network, predicting ETAs, managing exceptions, and directing corrective actions is simple.

# YOUR SUPPLY CHAIN REDEFINED

We know just how much your trust in us matters. That's why we'll do everything we can to help support you. While you're getting the best real-time visibility and risk management solution possible through our platform, our services make it even better.

## Digital Supply Chain Success

We begin by making implementation simple. We then continue to work with any changes happening in your supply chain to find optimizations and achieve your objectives, each and every day.

## Device Fulfillment

When you use our device partners, you can take advantage of our device fulfillment service, which offers further operational support and a sustainable, environmentally-friendly solution for efficiently reusing your IoT devices.

## 24/7/365 Fusion Hub

We're committed to proactively protecting your supply chain. If you need a monitoring team or want to extend the capabilities of your existing monitoring operations, we can help with managing risk and communication.

## LE Connect

We manage risk in layers and our primary objective is always prevention. However, should an in-transit theft occur, LE Connect, our extensive law enforcement network gets put into play for expedited theft recovery across the globe.

We're looking forward to learning more  
about how we can help!
