Azure Implementation: 10-Week

TrimaxSecure helps organizations of any size migrate to Azure and reap benefits of cloud technologies. Migration of workloads to Azure results in substantial improvement in productivity, operational resiliency and business agility as a result of the digital transformation which is why overwhelming quantity of companies transform their infrastructure from traditional on-premise to cloud native or a hybrid mix. The 10 week migration will enable the flexibility to compete in the digital age.

Why TrimaxSecure

We find the right solution because one size does not fit all!

At TrimaxSecure, we believe that companies deserve more than a single option. One size does not fit all. That's why we find the solution that's right for you. You need a partner that takes your best interests to heart and has the capacity to make your business goals a reality. That's why TrimaxSecure works with technologies from leading cloud providers. We are equipped to solve your most complicated business problems with solutions that are right for you.

How can we solve your business challenges

With over 20 years of extensive Information Technology experience, our team brings a depth of knowledge to cloud migration planning and implementation.

TrimaxSecure is a global provider of IT services and solutions for companies looking to modernize how they do business. Our mission is to increase the future viability of our clients with the power of cloud computing. We empower teams to be more productive with the right amount of support and technology education to make smarter business decisions. Since our founding in 2013, we have assisted dozens of companies by moving their business applications, databases, websites, email and phone systems to the Cloud. After transitioning the workloads to the Cloud, we continue support of our clients through Managed Services. We are proud to foster many longstanding relationships with our clients and have retained 90% of customers post deployment.
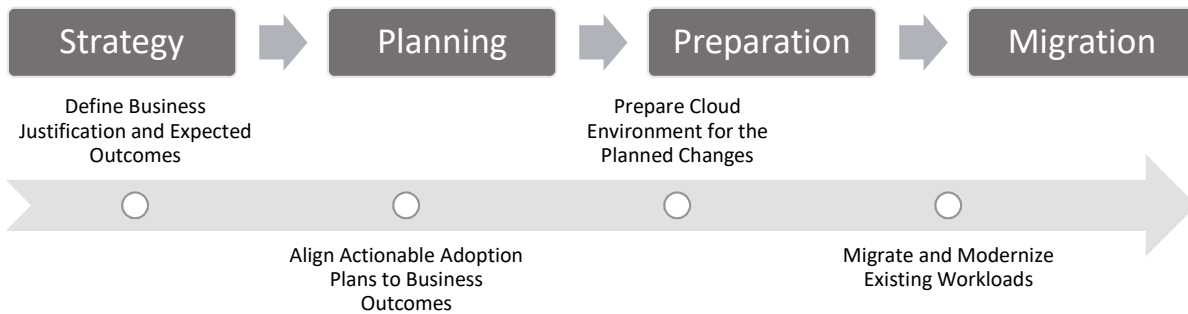

For us, it's about finding what's right technology solutions for you, let us help you understand your options and lend support as you transform your company from the inside out!
