

Windows Virtual Desktop – POC 1 Week Implementation

Perform FitGap analysis by assessing the existing On-Prem/Cloud-only/Hybrid Cloud model and provide recommendations with HLD and LLD along with Design recommendations in-terms of supporting WVD infrastructure on Azure..

WVD Assessment

2 Days/Free

1

Deploying WVD standard infrastructure as POC covering important aspects of the solution.

1. Custom Windows 10 Image
2. Integration with On-Premise AD
3. Teams AV in WVD
4. UPD management

WVD - POC

1 Week/\$3000

- *Free Assessment
- *Customized POC Solution.
- *Requires existing Azure Subscription.
- *No Partner commitment.
- *Implementation of S2S VPN is Out of scope for POC

2

ALPHA DATA

Windows Virtual Desktop – POC Implementation

Assessment for WVD is 2 Days which is provided for Free.

WVD POC Includes

- Setup of Azure subscriptions, Azure AD Connect and supporting identity and networking systems to ensure readiness for WVD
- Create a custom Windows 10 multi-session image as per the requirement
- Install Teams with AV Redirection media optimizations in WVD
- FSLogix Profile Container as a profile delivery solution either with on-premise storage or Cloud storage.
- Deliver and test WVD delivery to mobile, tablet, desktop, and web devices to confirm functionality.
- Review ongoing management requirements and make recommendations.
