Azure Landing Zone Engagement Process

The purpose of this offering is to quickly and securely accelerate the **enablement and adoption of Microsoft Azure Cloud** through collaborative, design workshops, foundational configuration that is aligned to simplified management and any existing cloud environment.

Office Line carefully focus on design workshops to transfer Azure knowledge to the customer team and design Azure Cloud to align:

- To any existing cloud deployment processes.
- Naming conventions and standards.
- Microsoft Azure guidance on security implementation.
- Simplified operational management.
