

WorkZone

A smart way for your team to work

Secure and compliant workplace for business applications and digital collaboration.

IT complexity transferred from the customer to Neos IT.

The managed service covers VDI Infrastructure, licenses and subscriptions, Azure Cloud, Microsoft 365 and Neos premium support.

Microsoft Azure.

Your desktop in the cloud is running in the Microsoft Azure Cloud. Neos IT will also provide the Azure environment for business applications and manage the migration and operation of existing applications.

Compliance and enhanced security.

Address GDPR with the help of compliance dashboards. Reduce the attack surface of your workplace IT.

Superior Economics.

Avoid upfront investments in company laptops and VDI infrastructure.

Pay-As-You-Go Pricing and scalability.

Built from the ground up to give you a turn-key cloud service. The virtual desktop services grows with your organisation.

Get the best user experience.

Leverage modern collaboration tools such as Microsoft Teams and enjoy the seamless integration of Microsoft Office 365.

Components of a virtual desktop solution

Stream from any device

Client runs on Windows, MacOS / iOS, Android or any modern web browser.

Virtual Desktops are hosted in the Azure Cloud and streamed to the device.

Hybrid Solution

Connect to your business applications and data in existing Data Centres

Our Phased approach for quick deployment

Go-live in weeks, not months, we use deployment templates and incremental migration for urgent applications.
