

Envision what your future in banking looks like

Our experts are here to help you solve key challenges such as:

- Activating digital selling
- Enabling always-on service
- Generating value with proactive insights
- Managing financial risk and reducing fraud
- Build Agile Business Processes
- Generate Value with Proactive Insights

Empowering intelligent banking.

Banking is in a period of evolution as a result of transforming customer expectations and business models, non-traditional players leading to threat and disruption, fraud and cybercrime, new legacy systems, and unprecedented regulatory scrutiny.

In this new reality, how do you envision the future state of your organization? Build your transformation strategy with Microsoft Catalyst, a proven and powerful approach to innovation.

Let's ideate together

As part of Catalyst, meet with our experts and run an envisioning workshop, where we can ideate together using design led thinking concepts and jointly define how to enable the digital transformation of your organization.

This one-day briefing starts with a review of your business objectives, followed by mutual discovery and visualization of solutions, ending with a clear, actionable picture of how we can help you reach your business goals.

How C-ven Technologies can help

C-ven Technologies is a consulting business specialized in cloud, dedicated to provide integrated technological solutions for business management in the financial sector. As an award-winning Microsoft Partner, we provides the flexibility and expertise needed to meet your applications transformation goals

What is Microsoft Catalyst?

Build, plan, and execute business transformation strategies with a proven, innovative approach from Microsoft Catalyst—an envisioning and planning program that employs Microsoft Dynamics 365, the Microsoft Power Platform, and the Microsoft Cloud. Your business transformation starts with an I.D.E.A.

Start by finding the transformation strategy that's right for you. Define and prioritize your strategy using development activities, then foster ideation and drive decision making with an envisioning workshop.

BankCloud: Helping banks to manage the entire customer life cycle

BankCloud is a solution base on Microsoft Dynamics 365 CRM developed to optimize the use of data and provide bank employees with a 360° view of the relationship with their customers. It includes robust reporting tools that enable detailed, accurate analysis of marketing, sales, and service activities to help banks to manage the entire customer lifecycle and to give their customers what they want, quickly and easily. Deployed on Microsoft Dynamics 365 allows customers to take advantage of the cloud, whether hybrid, private or public infrastructure.
