

# Security Managed Services

Acquiring the expertise and talent needed to defend against sophisticated cyberthreats is an ongoing struggle. MSP Shaping Cloud help organisations exceed security and compliance goals.

Shaping Cloud's Security Managed Services allows your organisation to fully benefit from the Microsoft Security platform, without the pain of becoming an expert, or more costly having to recruit one.

Working as your trusted partner, Shaping Cloud provides security experts, who align with industry standards and a scaled agile approach, enabling you to benefit, whilst your IT teams can focus on the business.

## We're different

### Shaping Cloud was born in the secure hyperscale cloud

### Proactive, not reactive

We pride ourselves for being innovative. We proactively look for improvements that can benefit your business, identifying opportunities for optimisation and efficiency.

### We are your partners

We acknowledge the significance of working with, rather for our partners

We can build an understanding, trusting and reputable relationship, enabling us to not only effectively communicate, but allow our clients to achieve their Identity goals.

### We are tech enablers and accelerators

We focus on enabling and accelerating our partners, through exchanging expertise and filling in skill gaps

If you partner with us, we will get you there... only faster.
