

Interlake Portfolio

5 Day Cloud Workshop

You want to make your SaaS compatible for the Cloud?

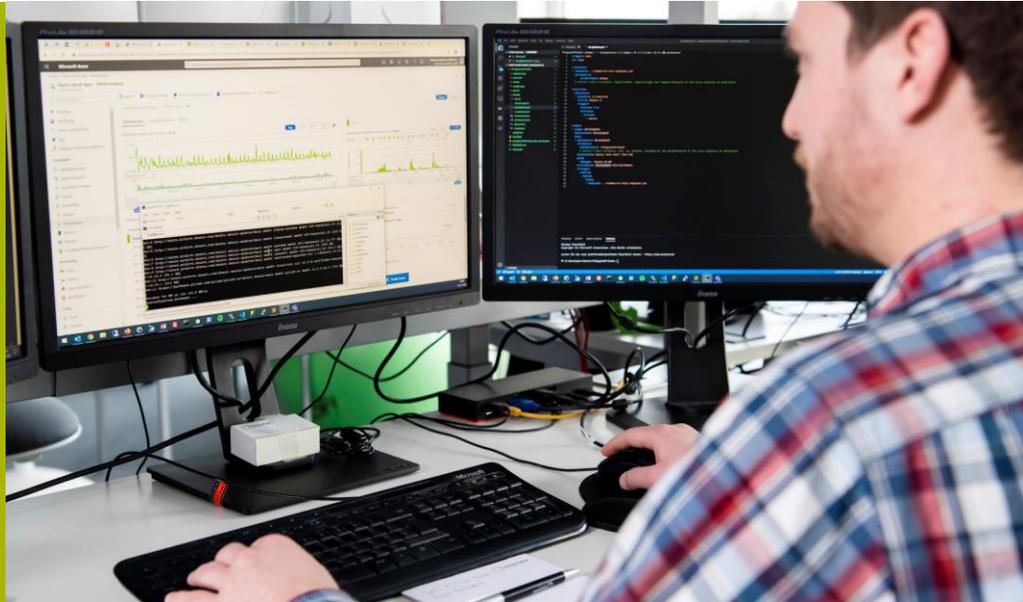

We are Azure Cloud Native Application Specialists providing support in technical implementation through:

Technical Enablement

#rehosting
#rearchitected
#operations

Solution Enablement

#coaching
#consulting

At Interlake, we are not only making digital change possible for everyone in the company, we also provide the tools and guidance necessary to make your digital transfer of knowledge successful.

We support the modernization of your applications with an efficient Cloud Native plan. Together we will determine what the cloud can do for you in the areas of #rehosting, #rearchitected, #operations and #consulting.

Successfully implemented with our customers:

#rehost

Migration to Azure:

- Platform incl. architecture, performance & Security

5 Day Cloud Native Workshop

Cloud Native Workshop #consulting

Our plan offers you an initial program with which we can develop a roadmap that demonstrates the possibilities of the cloud for your company and its applications.

Day 1 Know How Transfer

- Introduction of Azure Cloud options incl. consequences of change for existing solutions

Day 2 Application Inventory

- Identify applications
- Check of present status
- Define ideal situation

Day 3-4 Workshop Sessions

- Detailed analysis of identified application and opportunities with the tech team
- Develop and plan ideas for modernization

Day 5 Presentation & Results

- Define and develop a roadmap for modernizing your applications
- Migrationstrategies
- Choosing your preferred technology

Your Benefits

- ✓ Transform your applications and take advantage of microservices, serverless architectures and containers.
- ✓ Streamline your operations with a scalable application delivery while having accelerated processes, adaptable tools and services.
- ✓ Use flexible resources to dynamically respond to a changing demand without incurring costs in advance.
- ✓ Help your company redefine the way you provide services to your customers and exceed their expectations.
