“

**On average I'm saving 60% of my time on a daily basis by using gather360.**

On top of that, the data output is a far better quality, and considerably less error prone. It's hard to say what I'd do without it now.”

Ross Curtin, Data Analyst

“

**Not only is gather360 proving vital in its own right, but it also brings additional value to our current infrastructure of data tools and technologies.**

The investments that we've made to modelling, insight, automation and AI are all significantly enhanced due to gather360's efficiency.”

Michelle Bree, Former Chief Operating Officer

### **Scalable Solution**

Process as little or as much data as you need, as often as you need it

### **Secure Interface**

Manage end-to-end data activities in a single, secure SaaS cloud environment

### **Simple Integration**

Connect gather360 to data warehousing and analytics solutions

### **Full Automation**

Customise automation to the organisation's needs
