

Energy Time Land Your Files bot— is a custom Microsoft Teams Application which provide to work in Microsoft Teams with your files located in SharePoint 2019 or SharePoint Subscription Edition (SPSE) sites

ET Land Your Files Bot details:

Our solution developed specifically for customers with internal security requirements which restrict to use any cloud storage services

You can use our solution to collaborate with files via Microsoft Teams Tab interface through SharePoint 2019 or SPSE sites

How it works?

- Prepare on-premises SharePoint 2019 or SPSE farms to integrate with Microsoft Graph API
- Add ET Land Your Files from Microsoft Teams App Gallery
- Now you can use Microsoft Teams group's Tab "Documents" for share documents
- Users automatically get permissions on on-premises SharePoint Sites according to membership in Microsoft Teams groups

Energy Time Teams Sync Bot requirements:

- Any Microsoft 365 License Plan with Microsoft Teams
- SharePoint on-premises Farm & Licenses
