ABSOFT

Moving Your SAP to the Microsoft Azure Cloud

The future is SAP on Azure. Are you ready?

Cloud computing has taken the business world by storm! Have you assessed the business value of running your operations in the Microsoft Azure Cloud?

In partnership with Microsoft, Absoft takes care that your organisation needs are right-sized now, and ensures growth and capacity for years into the future.

Microsoft Azure is fast becoming the platform of choice for SAP customers. With greater flexibility, scalability and availability, a move to the cloud is a high-priority strategy for most in 2021.

Whatever your business sectors the benefits of a migration for your SAP estate into the Azure Cloud are limitless. **Through a tried and tested process of assessment, as your partner of choice, Absoft is offering a low-cost migration, aligned to value-for money Technical and Application Managed Services**.

Driving factors for our customers, when moving their SAP landscape to Azure are:

Security
Microsoft Azure is one of the most secure and reliable platforms that protects your and your customers' data.

Cost Reductions
By only paying for the services you need you can reduce your IT infrastructure costs.

Integration
Easy integration with other business applications, including Office365.

Benefits of Cloud Computing
- Data and infrastructure availability
- Reduced Costs
- Data Capacity
- Security
- Flexibility & Scalability

Book your free assessment

Absoft's client, a large local authority, have reported **a reduction of server hosts by 40%** through Landscape rationalisation, ultimately leading to a reduction of **50% in hosting costs** once in the cloud.

Start your cloud journey

Absoft's FREE Cloud Readiness Assessment kick-starts your journey with an exercise that typically takes 1 day to:

Analyse
Analyse your SAP landscape, audit interfaces and define scope of migration

Explore
Find opportunities in cloud computing for your SAP landscape

Define
Define the changes required to your SAP landscape to get ready for the cloud

Migrate
Create a high-level project plan and strategy to move to the Cloud

To ensure a successful migration it's crucial to find a partner who combines SAP expertise with a sound knowledge and strong referenceability within Microsoft Azure projects.

Absoft combines the two, with:

- Over 28 years of SAP experience,
- 10 years of SAP in the Cloud
- Hundreds of SAP system migrations
