

Hybrid Meetings and Rooms Workshop

Extreme flexibility and hybrid work define the post-pandemic workplace.

This new era of hybrid work isn't as simple as combining the old reality of the workplace with the new reality of remote work. Hybrid Meetings builds on the new wave of digital transformation and cloud power, and drives new ways to work and be together, to coordinate and collaborate, and to build a modern workplace that is as flexible and adaptive as possible - one that produces both happier people and better projects.

Work continues to evolve, and business leaders are looking for a new operating model, defined by flexibility. To succeed, organizations need to focus on three things: putting the right policies in place, reconfiguring physical spaces, and using technology to put it all together.

Technology is the binding factor to create inclusive meeting and collaboration experiences using Teams meetings, Microsoft Teams Rooms, and devices.

The Hybrid Meetings and Rooms Workshop is a modular engagement to help define your business priorities and scenarios that drive hybrid meetings. This workshop is designed to showcase hybrid meetings through 'art of the possible' immersive experiences, use case design, and deep dive planning. At the end of the workshop, you can expect actionable recommendations to deploy and adopt Microsoft Teams Rooms and hybrid meetings.
