# Showcase the value of Microsoft 365

## ABOUT ECF DATA, LLC

Since 2010, ECF Data has been helping companies implement IT efficiently and effectively by placing its focus on the client's unique needs and goals.

### See what customers are saying:

*"The Endpoint Management Workshop has ultimately helped our company facilitate the BYOD system without the potential risk."*

*Tony Gage, Vice President of IT,  
Curaleaf*

## WHAT WE OFFER

The Endpoint Management Workshop is a three-day engagement offered by ECF to recognize the power of modern device management, leading with Microsoft Endpoint Manager. It educates users how to manage devices, apps, and identities from anywhere.

- Teaching clients how they can enhance existing endpoint and device management practices using Microsoft Endpoint Manager
- Showing how you can explore existing endpoints using their tenant capabilities, and protecting them from threats
- Securing identities with easy-to-use multifactor authentication and automatic, risk-based conditional access from any device
- Enabling users to be productive by giving them access to the apps they need on whichever device they want to use

The workshop is offered for FREE. Reach out to any ECF representative to check your eligibility.

# Why Microsoft 365?

## Save your company money

Microsoft 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

## Scale your business quickly and flexibly

Microsoft 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Microsoft 365 provides many plans to fit the right capability needs and price points for each user in your organization.

## Technical support

Your Microsoft 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical,

## Financially backed SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service-level agreement.

## Simplified IT management

Reduce headaches by reducing your IT infrastructure. Content lives safely in globally distributed data centers with continuous backup and disaster recovery abilities

Microsoft 365 is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Microsoft 365 lets anyone create and share anywhere on any device.

## Key use cases

### Business-class email

Build anything from lightweight websites to multi-tier cloud services that scale up as your traffic grows.

### Cloud storage

Rely on geo-redundant cloud storage for backup, archiving, and disaster recovery.

### Meet online

Get actionable insights from your data by taking advantage of a fully compatible, enterprise-ready Hadoop service.

### Collaborate, chat privately

Accelerate your mobile app development by using a backend hosted on Microsoft Azure.
