Assessment

The future is the cloud and it's here today

Organisations are embracing the cloud at an increasingly fast rate as the benefits become more apparent. However, choosing what to migrate can be tricky. Now more than ever it is vital to have the right partner to help take you on your cloud journey. That's where boxxe come in.

Comprehensive Azure Migration Assessment

Discovery activities to gain a comprehensive understanding

Sizing of Azure Resource based on utilisation

Develop a Cloud strategy Roadmap

A collaborative assessment to help you understand how to achieve an effective cloud migration

Led by a boxxe cloud consultant, we will evaluate your on-premises environment by deploying a range of monitoring tools within your infrastructure and systems. These will run unobtrusively gathering real-life data on network traffic, resource utilization and other metrics.

Once complete, and in tandem with other assessment activities, we will develop a detailed, right-sized migration plan, with built in modernisation to help you on your cloud journey.

DETAILED report of financial cloud costs

IN-SYSTEM MONITORING to give real-world data

PROPER AND EFFECTIVE right-sizing of your cloud environment

NON-DISRUPTIVE assessment tooling
