3 ways that Viva Sales improves productivity and gets sellers back to what they love—connecting with customers

Sellers want more time on selling, less time on admin

Sellers like to focus on the activities they value most: They want to set goals, connect with customers, and build strong relationships, not spend time on data entry.

And to be as successful as possible—and to help their sales organization succeed—sellers need to capture and keep up with customer engagement data, all while staying in the flow of work.

Viva Sales can help.
