

# Inspiring Confidence for All

Solving the Challenges of Long Term Care

Optimize your business with a single cloud-based platform that connects your care, services, and financial operations.

PointClickCare is a Managed Microsoft Partner, and a recipient of the 2020 Health Innovation Awards and Microsoft IMPACT Awards.

With its suite of fully-integrated applications, powered by a cloud-based electronic health record (EHR) platform, PointClickCare leads the way in helping care providers connect and share data within their network.

- Improve Your Financial Health
- Attract and Retain the Best Staff
- Ensure Quality and Compliance
- Provide the Best Resident Experience
- Become a Preferred Provider in Your Network

## Save Time

- Eliminate manual, paper-based processes
- Complete charting at the point of care
- Digitize patient and progress notes

Save 260 hours per year, per nurse

## Reduce Staff Turnover

- Streamline and integrate workflows
- Reduce administrative loads
- Decrease clinical burnout

Reduce nursing staff turnover by 22%

## Efficient Integrated Information

- Centralize facility and resident information
- Automate reporting, billing, and care coordination
- Spend more time with residents

Save 2,000 nursing staff hours per year

“Before, I had to go to several different places to try and find information and now, I can literally sit in my office and just in a couple of clicks, see everything.”

- Director of Quality Improvement, Skilled Nursing Facility
