KEY SUCCESS STORIES

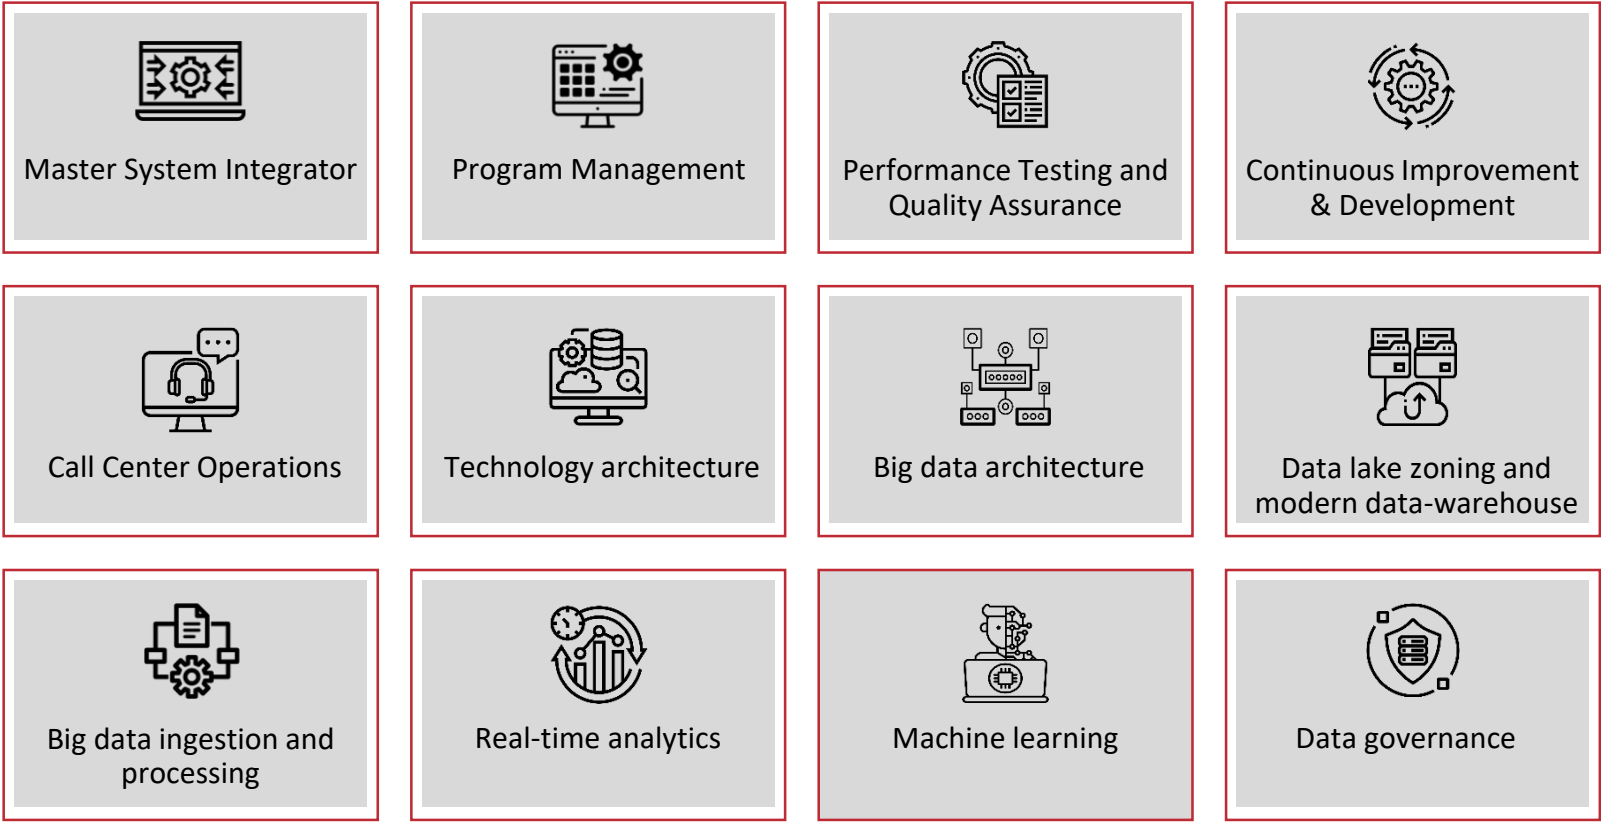

TASMU PLATFORM

malomatia has played the **Master System Integrator** role in the implementation of TASMU Platform. The TASMU Platform forms the foundation of Qatar’s digital transformation and aims to be a **ONE STOP SHOP** for citizens and service providers.

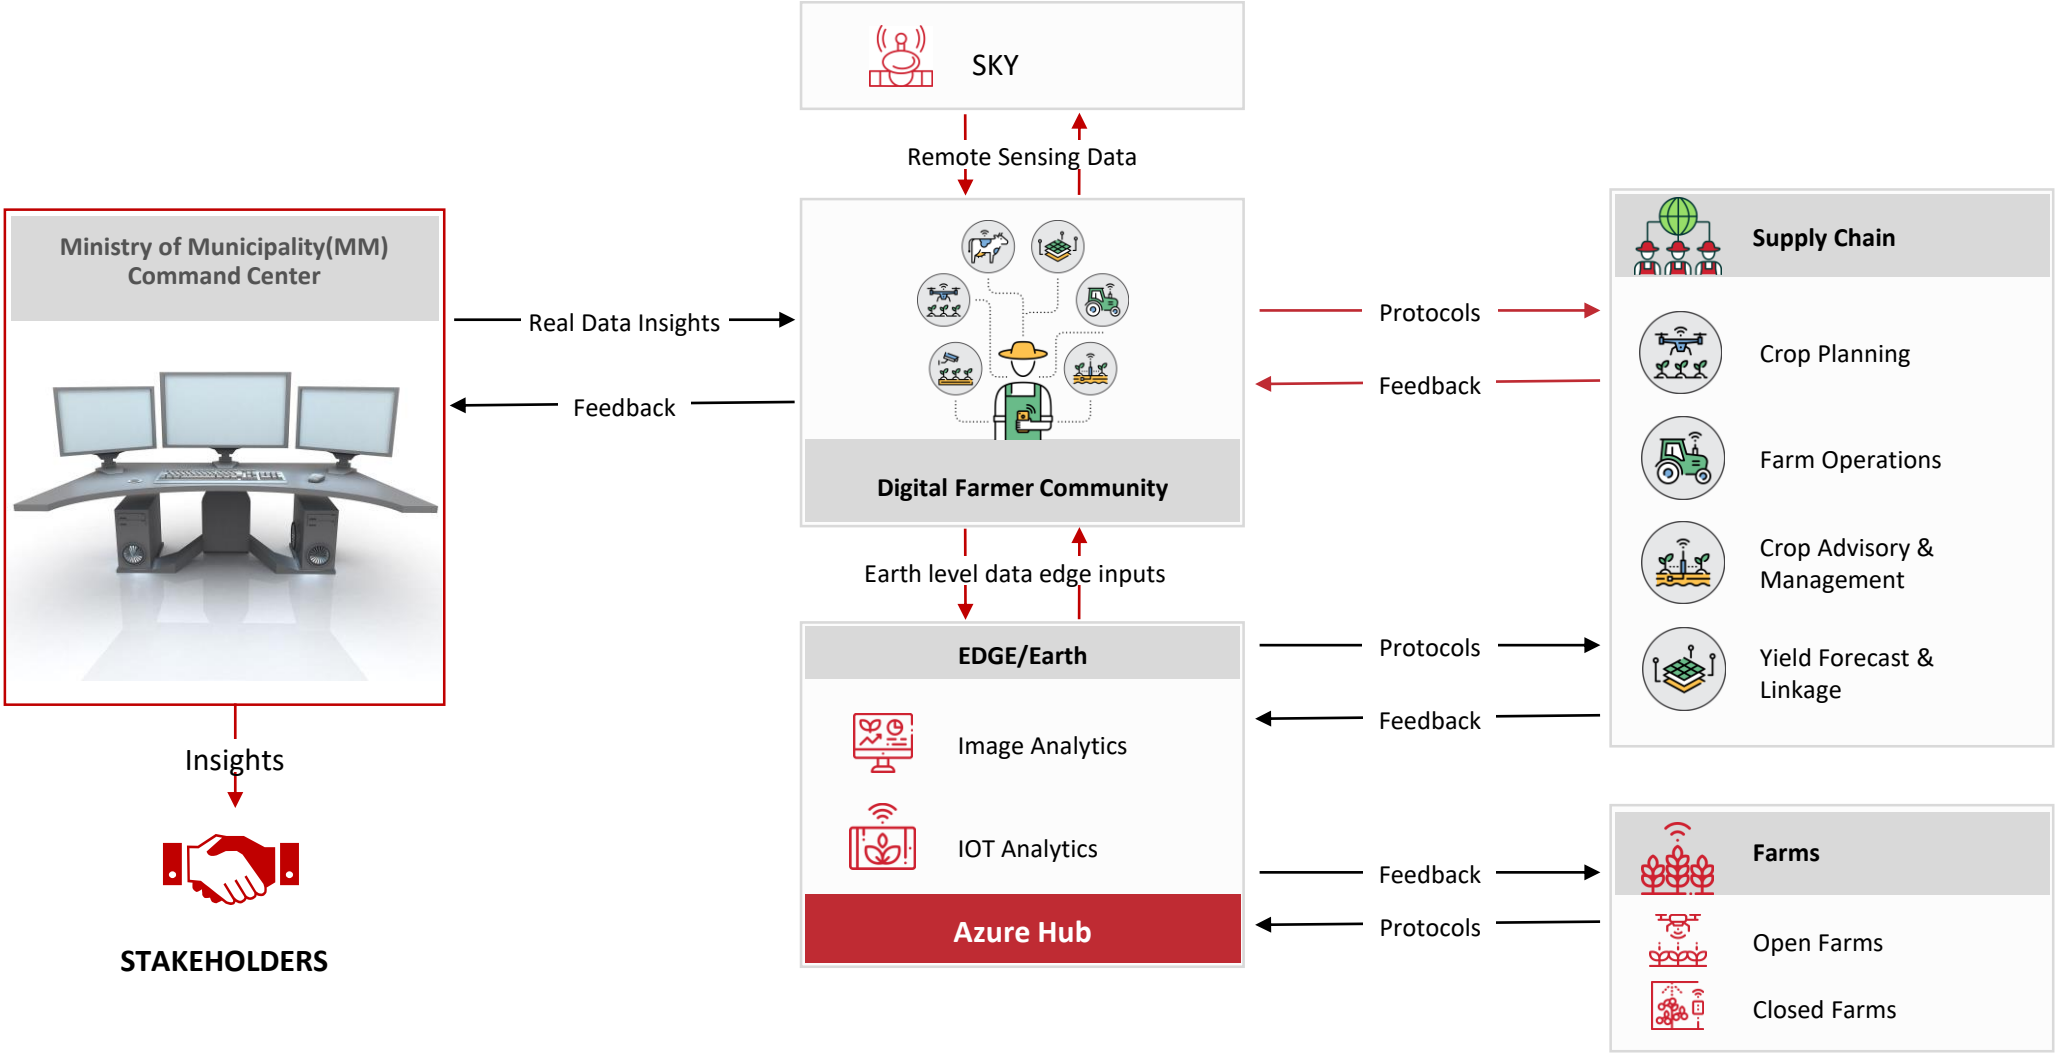

malomatia’s Role

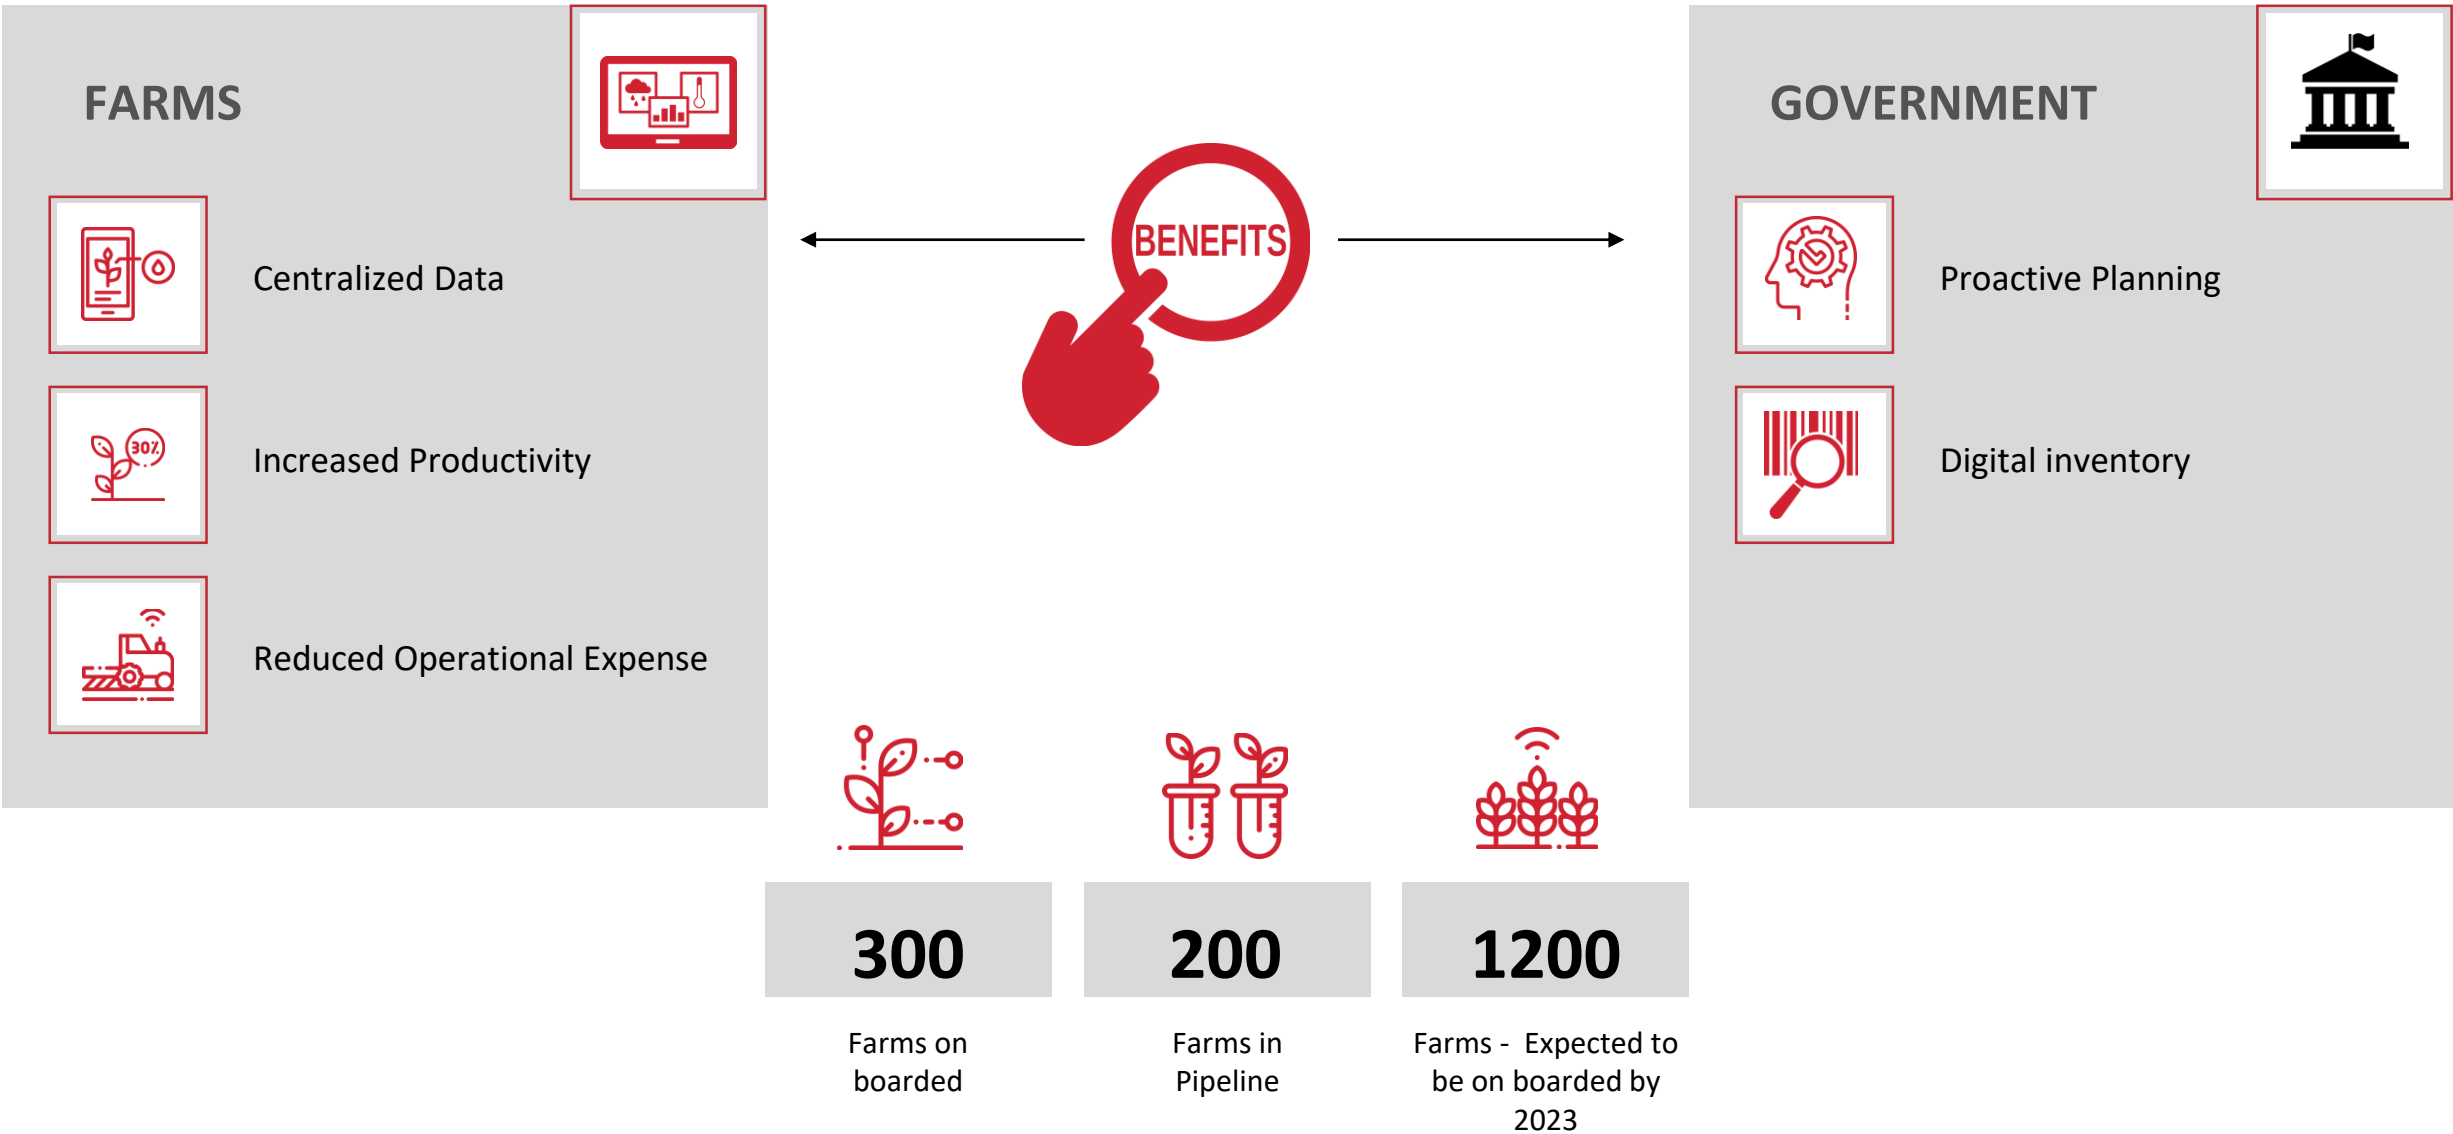

DIGITAL FARMER COMMUNITY (DFC)

As part of the TASMU program, malomatia, successfully executed the Digital Farmer Community (DFC) use case. The DFC is a cloud based intelligent data platform that provides the resident farmers localized agriculture information and crop-specific advice.

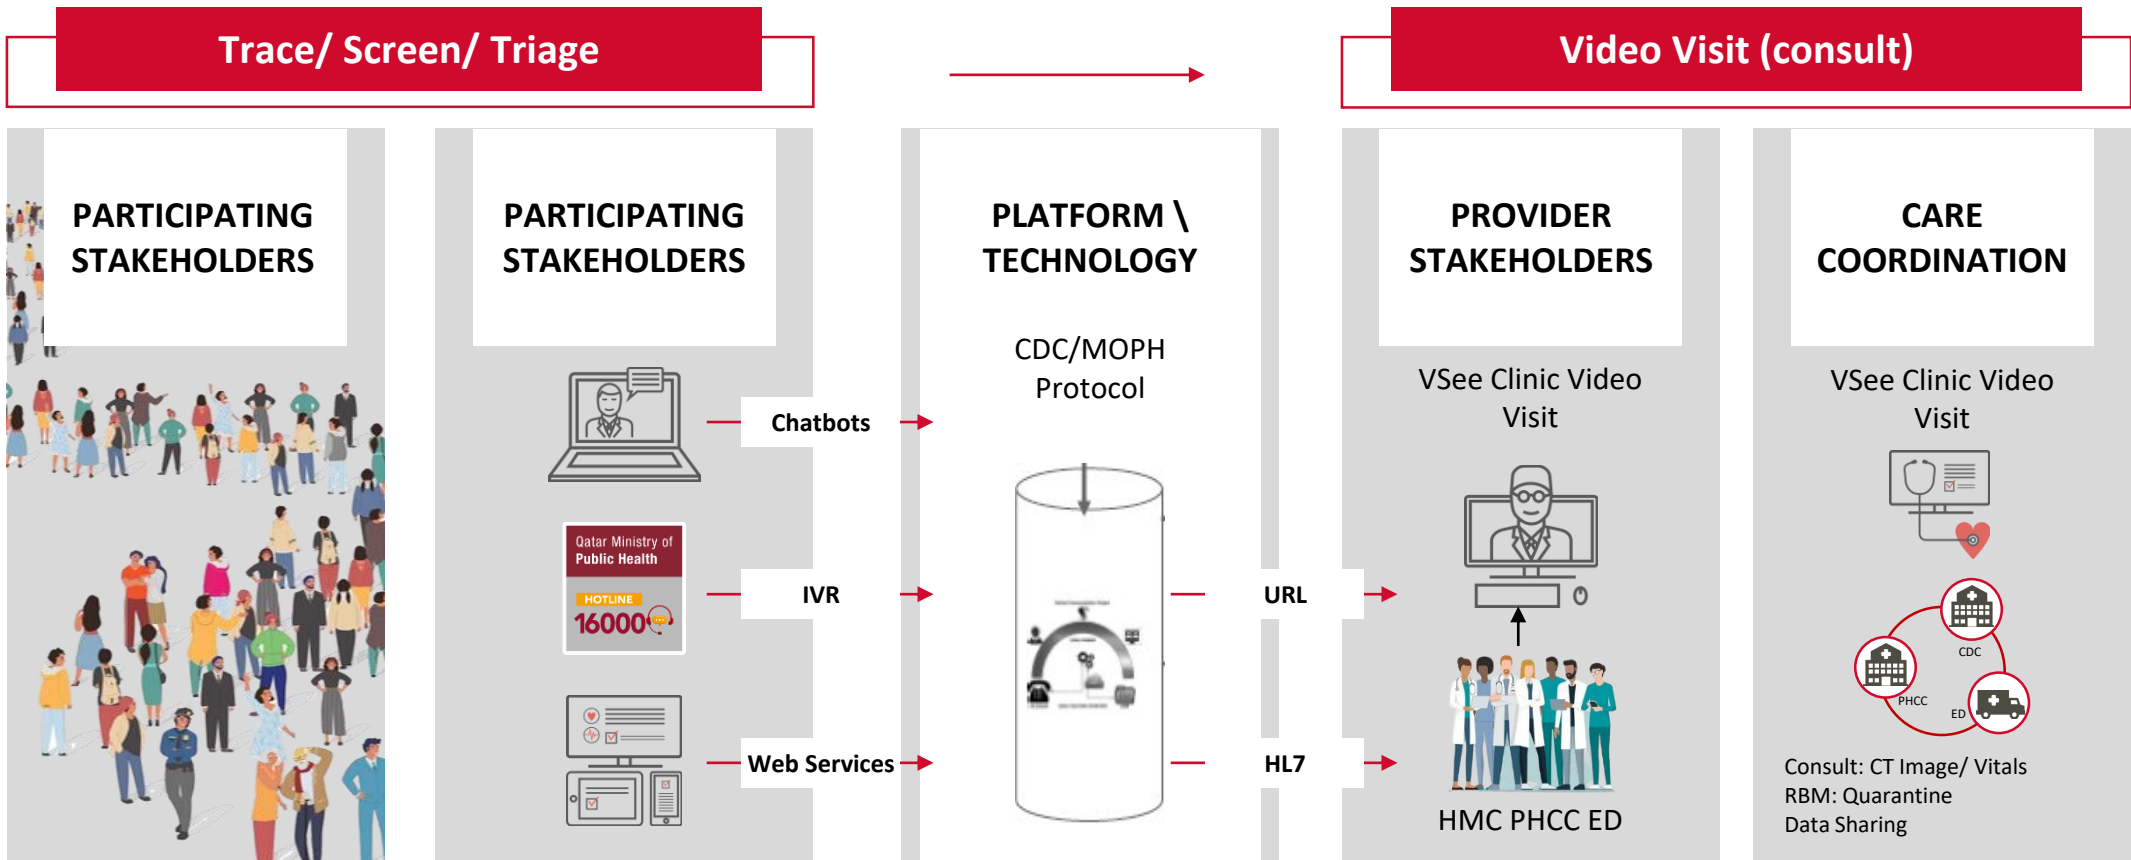

DIGITAL FARMER COMMUNITY (DFC)

VIRTUAL CONSULTATION (VC)

As part of the TASMU program, malomatia, successfully executed the innovative healthcare transformation use case Virtual Consultation. Virtual Consultation is a platform that enables citizens and residents of Qatar to access medical consultation remotely.

VIRTUAL CONSULTATION (VC)

Reduce pressure on medical facilities and the front-line workers

Improve response time for patients

Increased convenience

300+

Clinics using the VC tech within Qatar, drastically reducing the fatalities

70K+

Virtual Consultations successfully conducted till date
