FUJITSU

shaping tomorrow with you

Forces are shaping the new reality

Some of the important findings are ...

"A business cannot wait for the transformation it knows it needs."

"The meaning of the word essential."

"Resilience is the key to survival. Organizational, transactional, and Cultural Resilience"

"Forget what you know about our strategy, this will need to be re-written"

"Leadership and values matter always, but especially in a crisis."

"Working from home works."

We need to increase our level of adaptability."

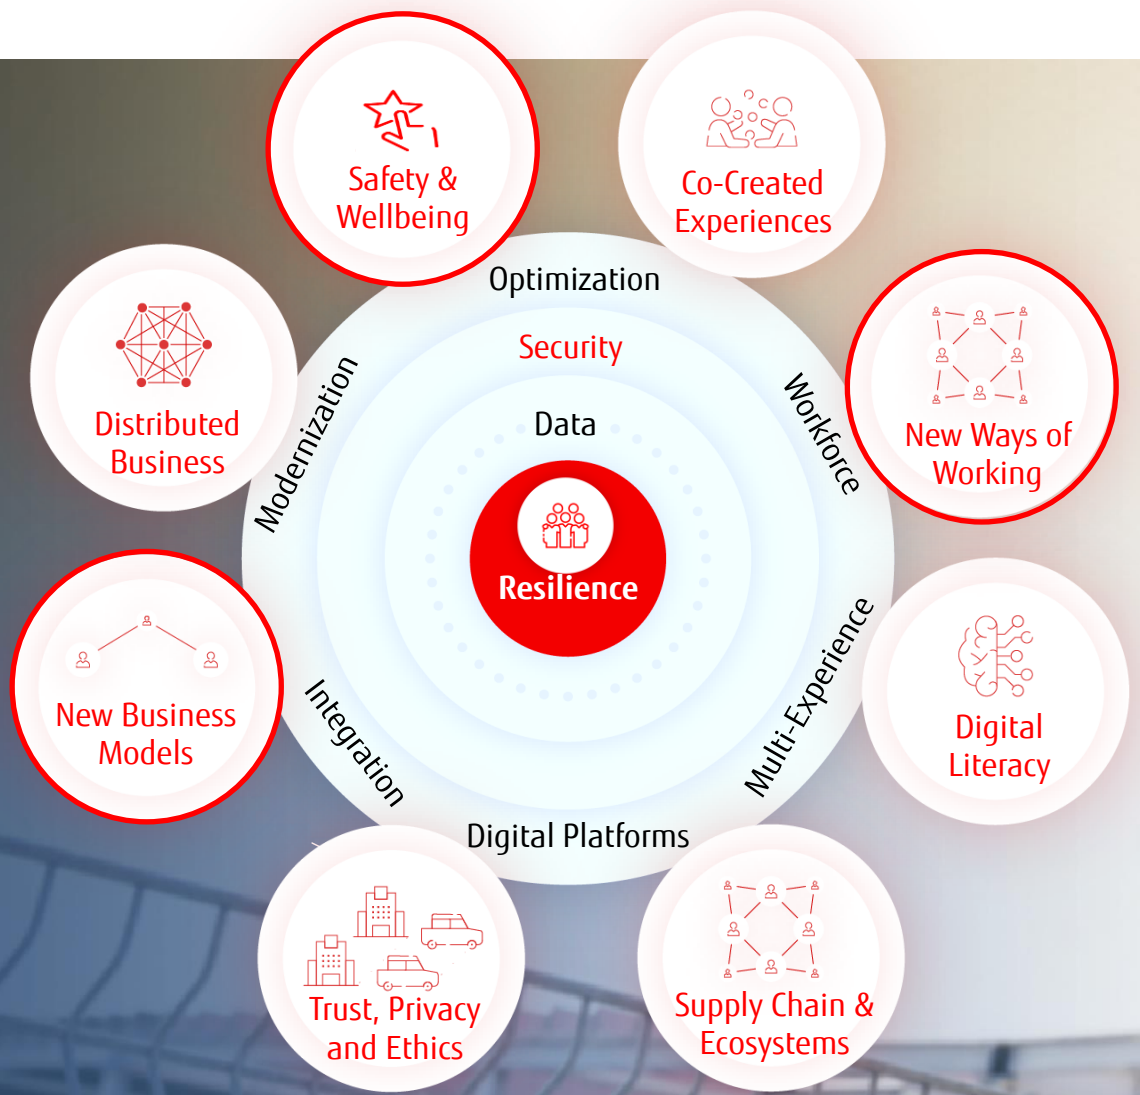

FORTUNE CIO SURVEY

FUJITSU CIO FORUM
