Short guide to
Travel Expenses

- *Easier way to keep records on employees travel expenses*

Introduction

The direction of development for MS Dynamics NAV / 365 BC localization is defined through many years of experience in implementing and maintaining ERP and BI solutions, as well as through consultations with our clients and partners, constant monitoring of legal and regulatory changes to ensure continuous compliance.

We are focused on:

- Covering and incorporating all law and regulation changes,

- Providing simple implementations to our clients, with lower costs and efficient use of solutions,

- Solution standardization, respecting the rules and logic built into Microsoft Dynamics NAV / 365 BC solutions

- Finding better ways to automate processes and optimize ease of use and quality solutions
