agreements

Extra Secure on your Cloud

## No More Misunderstandings or Missed Tasks

Our technological foundation behind isLucid  
enables a rich set of features.

### Effective Communication

Focus on the conversation and understanding your participants while our software makes notes for you.

### Minutes Templates

You will get a full document ready to share with stakeholders. Get to focus on what really matters in an Agile environment.

### Flexible Integration

Integrate isLucid into project management software. Turn meeting outcomes into actionable items automatically. API-based secure connections enable data transfers into your favorite management software.

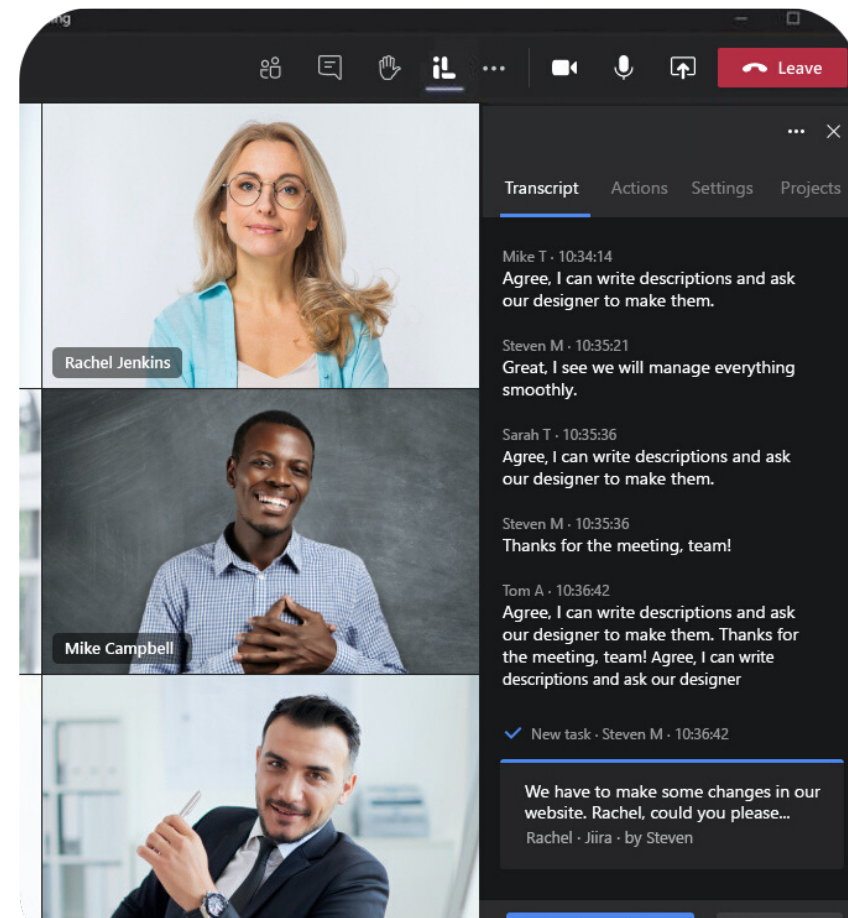

### Compatible with

Microsoft Teams Azure DevOps Jira Software Microsoft Planner

## Simplify Your Meetings

### Start your MS Teams Meeting

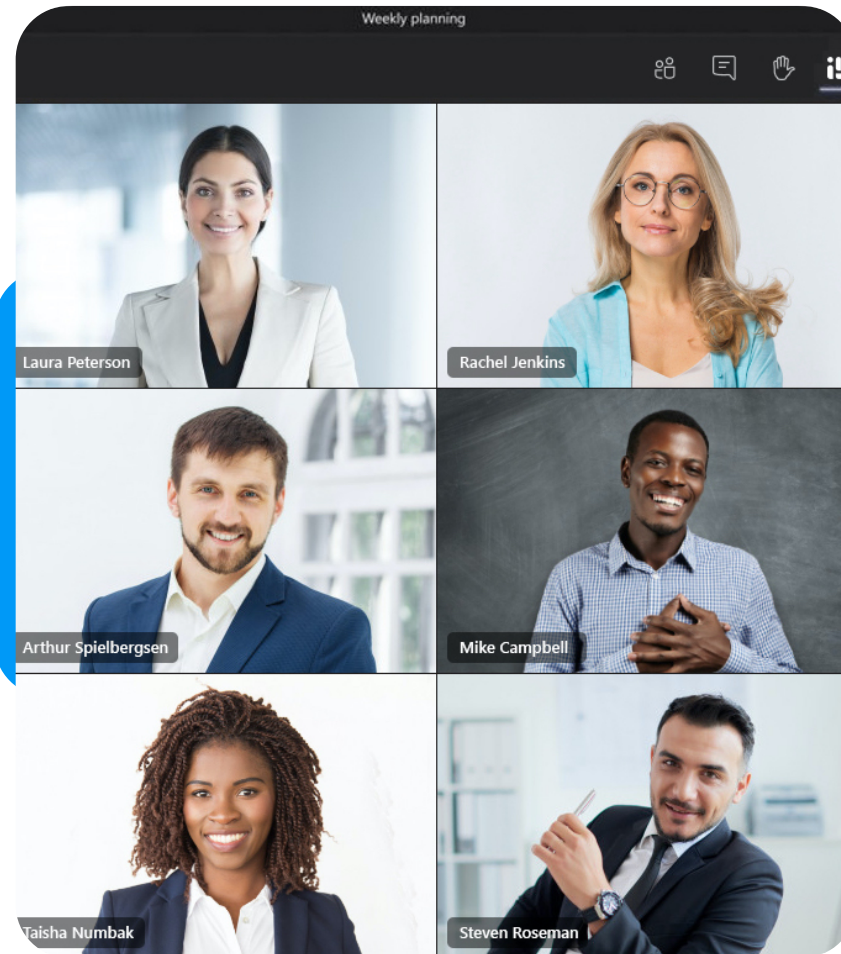

Organize video conferencing with your  
peers on Microsoft Teams.

### Create action items

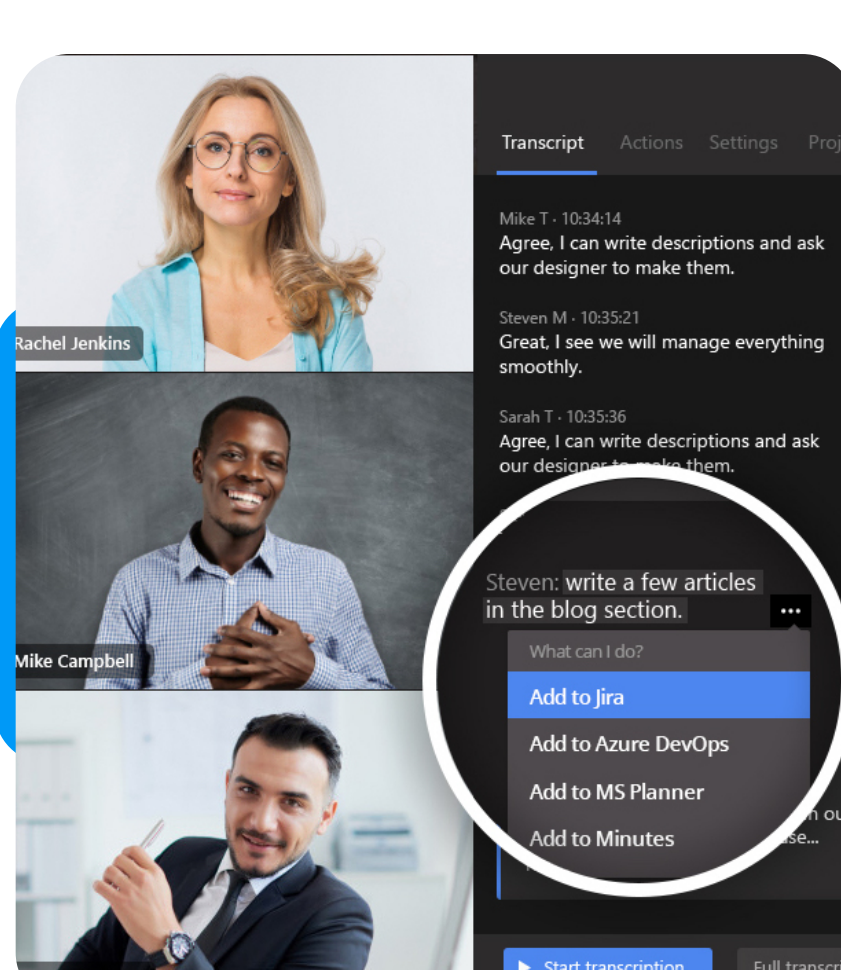

#### Commitment? Task? Idea?

Select the option, update if needed, and  
send to your favorite project management  
software or mark for meeting minutes.

### See isLucid in side panel

Get your meeting automatically  
transcribed and enable call participants to  
identify action items within the same call  
screen!

## A Perfect Fit for Your Business

Automatically transcribe online meetings into text,  
integrate into your management software, create  
actionable items, and share outcomes instantly.

We are introducing isLucid - an innovative voice recognition  
tool that accurately captures conversations and enables  
real-time process management.

Meanwhile, stay focused on what's truly important - leading.  
We will take care of notes, tasks, and everything else.

### Effective Communication

Focus on the conversation and understanding your  
participants while our software makes notes for you.

### Full Integration

Easily integrate with most management systems such as  
Atlassian Jira Azure DevOps or MS Tasks by Planner (coming  
soon). Automatically transfer tasks to your project  
management software.

### Backlog and Traceability

Capture tasks, make summaries from your online meetings  
and have all your conversations noted.

## Purpose

### Why do we exist?

To enhance the efficiency of team meetings and take  
online communication to the next level.

## Vision

### What future do we want to help create? What does the future look like?

We imagine a future where each meeting has a lucid  
agenda, perfect notes, and fruitful outcomes, creating  
an environment of clarity and growth.

## Mission

### What are we here to do? How do we create that future?

We are here to create crystal clear communication in  
organizations, companies, and between team members  
by making meetings the most effective use of time.

## Values

### What principles guide our behavior?

We see communication as the cornerstone of every  
business. With our help, everyone will be able to achieve  
clarity in written and spoken words.
