## SOLUTION DISCOVERY

Our approach is geared towards your current business processes, organizational initiatives and leveraging digital transformation to automate and increase revenue across the enterprise. We deep dive areas for improvement and measure them into the proper solution for a long-term scalable benefit that is both scalable and beneficial.

## DEVELOPMENT

Whether you are a new or existing customer to Microsoft Dynamics, our expert team comprised of some of the industry's best technical architects is standing by to help you create niche solutions for your organization.

## IMPLEMENTATION

We leverages Microsoft's standard Enterprise Resource Planning ("ERP") implementation methodology, *SureStep* and tracks the course of the project in Lifecycle Services (LCS). Our *SureStep* approach segments the overall project implementation into: diagnostic, analysis, design, develop, deploy, operate.

## TRAINING

Your training courses are specifically designed around business processes for your organization and how these processes are implemented and applied to your investment in Microsoft Dynamics 365.

# Avantiico Services

Gold  
Microsoft Partner

The Microsoft Dynamics service programs and solutions delivered are crafted through our team's more than 400 years of collective Microsoft Dynamics implementation experience.

## **SERVICE & SUPPORT PORTAL**

The Support teams support more than 12,000 Microsoft Dynamics AX, D365 and Microsoft Enterprise Portal users across 9 time zones – and across different Microsoft Dynamics versions.

## **ROADMAP**

Experienced solution architects deliver road-mapping services helping you maximize your organization's Dynamics 365 investments by taking advantage of the support shelf life of the Dynamics suite while understanding what it means a few years down the road to your organization.

## **MICROSOFT LICENSING**

Our specialists team offers you choices extending to pricing with Microsoft Dynamics 365. Get monthly plans - with apps packaged for savings - or standalone applications. Opt for full or light use. Select the edition that meets the needs of your large or small business, now and down the road.
