# Simplify approval processes

Get faster approvals by streamlining your requests.

Easily create, manage, and share approvals directly from a chat, a channel conversation, or from the app.

Create from scratch or use company-created templates with easy, repeatable structures and preset fields.

Thanks Laurence!

Today 9:11 AM

I'm sure you'll knock 'em dead

Yeah

thank you!

Here's hoping. I'm nervous but I have been practicing all week, so fingers crossed!!
