CUSTOMER OPPORTUNITY

In modern workplaces, employees will work physically in offices, remotely, or a little of both. Organizations also struggle with greater complexities of hybrid work, shortage of workers, clarity and collaboration across organizational boundaries.

A successful workplace experience empowers employees to be connected and productive, both within and across teams, from wherever they sit.

TrnDigital Microsoft 365 migration, deployment, & adoption

TrnDigital helps organizations deliver successful workplace experiences with end-to-end Microsoft 365 Migration, deployment, adoption & change management services. Our scaled engagement model enables us to support organizations of any size - from startup to enterprise - with predictability and rigor.

BUSINESS OUTCOMES

- **Accelerate business collaboration and innovation** - Unify employees on one secure cloud platform.
- **Do more with less** - Drive cost efficiencies by consolidating & decommissioning outdated collaboration and file-sharing solutions.
- **Protect and govern sensitive data** - deploy Microsoft security & compliance capabilities so that employees can be creative and work together securely.

HOW WE DO IT

Key factors for successful migration include portfolio analysis, architecting the migration plan, governance, centralized & effective communication, managing customizations, mitigating user disruption, and driving business adoption.

Migrate	Secure & Govern	Drive adoption & success
• Managed migration methodology to move rapidly from design to implementation of M365 services. • Management of M365 subscription and tenant health • Configuration and Management for SharePoint Online, OneDrive for Business, Teams • Rigorous testing and validation of data migration. • Support for exceptional scenarios and customizations	• Design and manage user identity strategy. • Provide access management and authentication. • Implement multi-factor authentication and access for external users. • Implement M365 data governance & compliance capabilities	• Help customers envision future state and execute adoption and change management tactics to realize it. • Build and support an internal champion community. • Support with learning solutions and robust internal communications plan. • Assess end-user satisfaction and measure M365 adoption & usage.

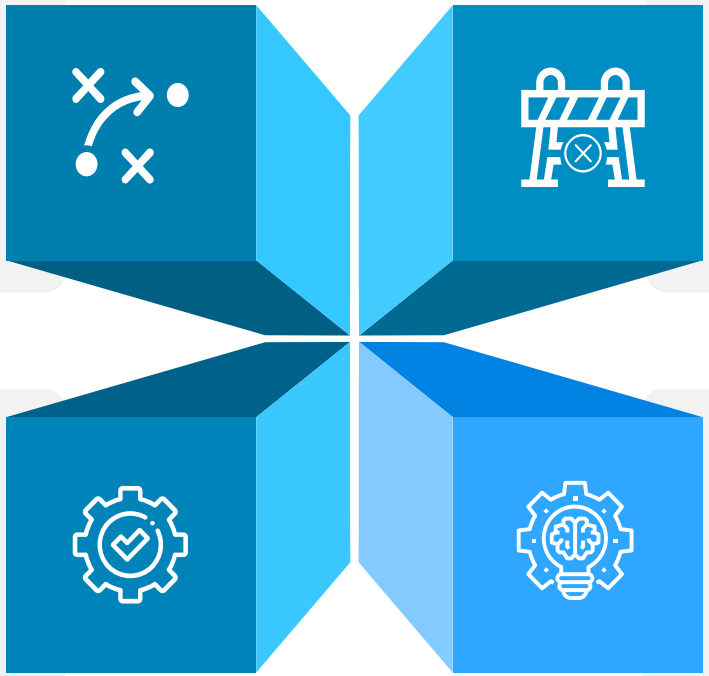
Why partner with TrnDigital

Our rigorous and scalable process distinguishes us as a go-to partner in the Microsoft partner ecosystem.

Cost-effective
Our experts have executed countless successful migrations - TrnDigital offers a fixed cost end-to-end migration - from analysis to go-live.



Overcome limitations
TrnDigital has a repository of scripts and tools to mitigate the limitations posed by vendor tools.

Trust us with your data
We use a detailed validation & remediation process, so you can trust us with your data.

Support for exceptional scenarios
We help clients handle customizations and provide workarounds for unsupported scenarios.
